Christina Parker, Member of the Public

HONORING WATER POLICY MANAGER STACY TAYLOR

President DePasquale announced the retirement of Stacy Taylor following almost 16 years of dedicated service as Water Policy Manager for Mesa Water District. She recognized her significant contributions to advancing water policy throughout Orange County and California, including developing award-winning communications and public outreach programs, leading legislative advocacy efforts, and creating collaborative initiatives such as the Buried Utilities Coalition. She noted that Ms. Taylor's efforts helped ensure Mesa Water maintained a strong and respected voice in regional and statewide water policy discussions.

Board members, colleagues, and industry partners expressed their appreciation for Ms. Taylor's leadership, professionalism, and dedication to public service. They commended her strategic approach to government relations, her ability to build strong relationships and coalitions, and her willingness to advocate for the District's interests when necessary. Speakers also recognized her role as a mentor and collaborator whose integrity, expertise, and commitment earned the trust and respect of peers throughout the water industry. They thanked Ms. Taylor for her many years of service and wished her continued success and happiness in her retirement.

Comments were received from Messrs. Bowman, Wolffe, Gruenbaum, Bolland, Dorsch, Quiñonez, Albiani, and Ms. Green, Ohlund, Lasick, Gladstone, Blacet-Hyden, and Murphy.

President DePasquale thanked all the special guests. Photographs were taken.

RECESS

President DePasquale declared a recess at 5:20 p.m.

The meeting reconvened at 5:28 p.m.

District Secretary Khalifa stated one Mesa Water Director was attending the meeting via teleconference.

For each action, a roll call vote was taken in accordance with California Government Code Section 54953(b)(2) which states, "all votes taken during a teleconferenced meeting shall be by roll call."

PUBLIC COMMENTS

President DePasquale asked for public comments on items not on the agenda.

There were no comments from the public and President DePasquale proceeded with the meeting.

ITEMS TO BE ADDED, REMOVED, OR REORDERED ON THE AGENDA

General Manager Shoenberger reported that there were no items to be added, removed, or reordered on the agenda.

Motion by Vice President Dewane, second by President DePasquale, to adopt Resolution No. 1614 Providing Guidelines for the Procurement of Goods and Services and Disbursements, Superseding Resolution No. 1589, with modifications. Motion passed 4 – 1, by the following roll call vote:

AYES:	DIRECTORS	Bockmiller, Fisler, Dewane, DePasquale
NOES:	DIRECTORS	Atkinson
ABSTAIN:	DIRECTORS	None
ABSENT:	DIRECTORS	None

13. PUBLIC HEARING REGARDING THE 2025 URBAN WATER MANAGEMENT PLAN:

President DePasquale announced the Public Hearing was opened for the purpose of receiving comments regarding the 2025 Urban Water Management Plan.

District Secretary Khalifa reported that a Notice of Public Hearing was posted at Mesa Water's office and website from June 5 through June 25, 2026 and at Costa Mesa City Hall. Legal advertisements were published in the *Daily Pilot* on June 6 and June 13, 2026.

President DePasquale opened the floor for discussion by the Board. There were no comments.

President DePasquale opened the floor to receive comments from the public. There were no comments.

District Secretary Khalifa reported that the District had not received any written or verbal comments or letters of protest regarding the 2025 Urban Water Management Plan.

President DePasquale declared the public comments section closed.

President DePasquale declared the Public Hearing closed.

MOTION

Motion by Vice President Dewane, second by President DePasquale, to:

- a. Adopt Resolution No. 1615 Approving the Adoption of the 2025 Urban Water Management Plan; and
- b. Adopt Resolution No. 1616 Approving the Adoption of the 2025 Water Shortage Contingency Plan.

Motion passed 5 – 0, by the following roll call vote:

AYES:	DIRECTORS	Atkinson, Bockmiller, Fisler, Dewane, DePasquale
NOES:	DIRECTORS	None
ABSTAIN:	DIRECTORS	None
ABSENT:	DIRECTORS	None

14. PUBLIC HEARING REGARDING THE PROPOSED COLLECTION OF CAPITAL CHARGES BY WAY OF THE OFFICE OF THE ORANGE COUNTY TREASURER-TAX COLLECTOR:

President DePasquale announced the Public Hearing was now opened for the purpose of receiving comments regarding the proposed Collection of Capital Charges by Way of the Office of the Orange County Treasurer-Tax Collector.

District Secretary Khalifa reported that a Notice of Public Hearing was posted at Mesa Water's office and website from June 5 through June 25, 2026 and at Costa Mesa City Hall. Legal advertisements were published in the *Daily Pilot* on June 6 and June 13, 2026.

President DePasquale opened the floor for discussion by the Board. There were no comments.

President DePasquale opened the floor to receive comments from the public. There were no comments.

District Secretary Khalifa reported that the District had not received any written or verbal comments or letters of protest regarding the proposed Collection of Capital Charges by Way of the Office of the Orange County Treasurer-Tax Collector.

President DePasquale declared the public comments section closed.

Director Bockmiller noted this item is not a tax or any form of tax, and that his record of never voting for a tax to pay for water remains intact. He stated that this is a method of collecting capital through a mechanism other than the water bill.

President DePasquale declared the Public Hearing closed.

MOTION

Motion by Vice President Dewane, second by Director Fisler, to:

- a. Adopt Resolution No. 1617 Determining Compliance with Procedural Requirements, Making Findings, Authorizing Collection of Mesa Water Fiscal Year 2026/27 Capital Charges By Way of the Office of the Orange County Treasurer-Tax Collector and County Property Tax Roll Process and Taking Related Actions; and
- b. Accept Mesa Water District's Updated Secretary's Report Listing the Capital Charge Property Tax Roll for Fiscal Year 2026-2027.

Motion passed 5 – 0, by the following roll call vote:

AYES:	DIRECTORS	Atkinson, Bockmiller, Fisler, Dewane, DePasquale
NOES:	DIRECTORS	None
ABSTAIN:	DIRECTORS	None
ABSENT:	DIRECTORS	None

REPORTS:

15. REPORT OF THE GENERAL MANAGER:
 - May Key Indicators Report
16. DIRECTORS' REPORTS AND COMMENTS

INFORMATION ITEMS:

17. FEDERAL ADVOCACY UPDATE
18. STATE ADVOCACY UPDATE
19. ORANGE COUNTY ADVOCACY UPDATE

President DePasquale adjourned the meeting at 6:00 p.m. to a Regular Board Meeting scheduled for Wednesday, July 8, 2026 at 4:30 p.m.

Approved:

Marice H. DePasquale, President

Denise Khalifa, District Secretary

Recording Secretary: Sharon D. Brimer

MESA WATER AND OTHER AGENCY PROJECTS STATUS REPORT

July 2026

Reservoirs 1 and 2 Pump Station Upgrades Project

File No.: M21-210B2

Description: The Reservoir Upgrades Project has several components to increase the efficiency and reliability of Reservoirs 1 and 2: Chemical storage and feed systems (sodium hypochlorite and aqueous ammonia) to help reduce nitrification issues in the distribution system; Pump replacement and conversion of drivers from gas engines to electrical motors; Upgrades to reservoir electrical service through SCE; Installation of diesel generator systems to power the reservoirs in the event of an emergency; Miscellaneous system rehabilitation and upgrades including electrical gear replacement, pipeline rehabilitation, pipeline modifications, and instrument replacement based on the results of site visits and related analyses; and Slurry Dewatering Pit upgrades located at the Reservoir 1 site.

Status: Following the approval of the recommendations of the Water, Power, and Supply Chain Reliability Assessment, Mesa Water developed a design Scope of Work for the Reservoirs 1 and 2 Upgrades Project. A proposal was solicited from a CIPR on-call design consultant and the project's Preliminary and Final Design was kicked off in May 2021. The consultant delivered a draft version of Technical Memorandum No.1 – Reservoir 1 Site Master Plan and the draft Permit Plan in July 2021. Following Mesa Water's review of TM1 and the Permit Plan, the consultant began work on the Preliminary Design Report. The Preliminary Design Report was delivered in November 2021 and the Preliminary Design Report Workshop was held in September 2021. In March 2023, the Final Bid documents and cost estimate were received and reviewed by staff. After receiving approval for the project's reduced scope, the project team began modifying the Bid Documents. The revised Bid Documents were received in August 2023. Request for Bids were released to the prequalified contractors in August 2023. A job walk was conducted in August 2023 and attended by five prequalified contractors. The bid opening was held in October 2023. Four bids were received. A recommendation for contract time extension negotiation and award was approved November 2023. The contract time extension negotiation to accommodate equipment lead times was completed and Notice to Proceed was provided January 2024. A preconstruction meeting and a site walk with the contractor team were held February 2024. The construction team mobilized at Reservoir 2 in June 2024 and Reservoir 1 in October 2024. The contractor installed and started new mixers in Reservoir 2 in August 2024. At Reservoir 2, the contractor poured and coated the concrete foundation for the Reservoir chemical facility and constructed yard piping and electrical. The chemical tanks were delivered in August 2025 and anchored to the chemical pads. Work is stopped due to the impacts of the contractor-installed pipeline

MESA WATER AND OTHER AGENCY PROJECTS STATUS REPORT

July 2026

break at Reservoir 2 on October 18, 2025. The initial forensic site investigation was completed in November 2025. Testing and repair of the damaged equipment is in process. The contractor's insurance representatives inspected the damage on January 21, 2026. The forensic lab work was conducted on July 14-15, 2026. The damaged electrical equipment and instrumentation has been repaired or replaced. Engines 1 and 3 have been repaired and the right angle gear drives were installed in June 2026. Engine 2 was sent to the repair shop on July 14 for an overhaul and is expected to be returned early in 2027. Engine 4 required new mechanical seals for the right angle gear drive and pump, which have been ordered. The new jockey pumps and motors were delivered in June 2026; however, the pump columns and shafts are longer than the pump cans and cannot be installed as delivered. The contractor is responsible for corrective action and has developed a repair plan for review. The variable frequency drives (VFD) were destroyed in the October 18, 2025 incident and need to be replaced by the contractor. Replacement VFDs are expected in September 2026. The water in Reservoir 2 was drained in May and June, and the tank was cleaned and disinfected from June 20-29. The Reservoir 2 drain valve was replaced while the tank was empty. Engines and pumps 1 and 3 were run to disinfect the pump station piping with high strength chlorinated water. Bacteriological samples collected from the tank and pump station piping were negative showing that the disinfection was successful. Commissioning of the chemical facility is planned to start August 3, 2026. Once commissioned, Reservoir 2 will undergo its final bacteriological testing that will allow it to be returned to service with two operational engines and pumps. At Reservoir 1, the contractor has demolished yard structures, excavated for the new Heavy Equipment Port, Slurry Dewatering Pit, Chemical Facility, and Generator Pads. The Slurry Dewatering Pit went into operation in April 2025. After a rain delay, concrete foundations for the Heavy Equipment Port and Chemical Facility were poured in March 2025. The structural steel for the Heavy Equipment Port was received in April 2025, and the building is currently under construction. The building panels were delivered in August 2025. The contractor is coordinating with Southern California Edison for working in the vicinity of its power lines. The Air Quality Management District Permits to Construct and Operate the diesel backup generators were received in March 2025. The generator concrete pads were poured in May 2025. The generators were set on the pads in June 2025. The chemical tanks were delivered in August 2025 and anchored to the chemical pads. The electrical subcontractor is running the electrical conduits. The electrical subcontractor poured the concrete pad for the generator switchgear in April 2026. The pumps and motors were delivered to the contractor's warehouse in June 2026. The main switchboard was

MESA WATER AND OTHER AGENCY PROJECTS STATUS REPORT

July 2026

delivered on July 7, 2026. Work in the Reservoir 1 Pump Station is delayed until Reservoir 2 and its Pump Station are back on line.

Local Groundwater Supply Improvement Project (Local SIP)

File No.: M24-105

Description: The Local SIP will develop a feasibility study that meets the requirements of the Bureau of Reclamation's (USBR) Feasibility Study Directives and Standards (WTR 11-01) for a brackish groundwater desalination facility. The project is being conducted in partnership and cost sharing with Orange County Water District, City of Huntington Beach and City of Newport Beach.

Status: A contract was awarded to Black & Veatch Corporation (Black & Veatch) in May 2024. The project team has completed the evaluation of aquifer zones and selected the Talbert Gap on which to focus the alternative analysis for the feasibility study. The project team has also completed modeling the potential wellfield locations, developing treatment plant footprints, the Class V level life-cycle cost for the project, and developing the preferred alternative. The Board approved a contract amendment to the Black & Veatch contract for Clean Energy Capital to perform a funding analysis. The draft Feasibility Study was received and a review workshop was held in August 2025. Preliminary comments were received from USBR in September 2025. The final Feasibility Study was submitted to USBR in September 2025. Staff received comments on the final Feasibility Study from USBR in January 2026. Mesa Water submitted the final revised Feasibility Study to USBR and received confirmation of acceptance from USBR in April 2026. In February 2026, staff met with USBR to discuss the Feasibility Study and next steps for the project and funding opportunities. Staff presented an update on the Local SIP at the April 8, 2026 Board meeting and the Spring Board workshop. Staff and the real estate consultants are actively looking for properties for the wells and the treatment plant. Staff is also working with our partner agencies for funding the next steps in the Feasibility Study and applying for grants. The Board approved an amendment to the Black & Veatch contract at the May 27, 2026 Board meeting for the next steps in the Feasibility Study. Staff is working with Black & Veatch to incorporate Orange County Water District's recent work on basin subsidence into the next steps. A meeting with the project team and OCWD's Chief Hydrogeologist was held on July 16, 2026, and the subsidence scope is being updated based on the results of the meeting.

MESA WATER AND OTHER AGENCY PROJECTS STATUS REPORT

July 2026

Interagency Water Transfers (Newport Beach)

File No.: M25-108

Description: Conduct a feasibility study to determine if Mesa Water can reliably serve groundwater to the City of Newport Beach.

Status: A contract was awarded to MKN & Associates (MKN). The draft feasibility study was received in July 2025 and a workshop to review was held in August 2025. MKN presented the results at the September 10, 2025 Board meeting. Staff coordinated with MKN and the City of Newport Beach to design the connection. MKN submitted the 60% drawings in February 2026, which staff has provided comments on. The City of Costa Mesa issued an encroachment permit, and potholing activities were completed in February 2026. Final design was completed in March 2026 and staff has applied for the construction encroachment permit with the City. Staff is also coordinating with Southern California Edison for power for the intertie. The contracts for Engineering Support During Construction and Construction Management have been executed as of May 2026. The contract for Construction was approved by the Board in June 2026 and contracting with TE Roberts is in progress. A preconstruction partnering meeting including the City of Costa Mesa, City of Newport Beach, Ardurra, and TE Roberts was held in June 2026. Ardurra has finalized the drawings based on that meeting's discussion.

Interagency Water Transfers (Huntington Beach)

File No.: M25-101

Description: Conduct a feasibility study to determine if Mesa Water can reliably serve groundwater to the City of Huntington Beach.

Status: A Cooperative Agreement was executed with the City of Huntington Beach in October 2024. Staff received three proposals from qualified consultants in June 2025. The Board awarded a contract to MKN & Associates (MKN) in July 2025. Notice to Proceed was provided in August 2025. A kickoff meeting was held in September 2025, and supply and demand data was collected in October 2025 and as of November 2025, MKN delivered a draft Feasibility Study in December 2025, which has been reviewed by staff from Mesa Water and the City of Huntington Beach. Comments have been provided to the consultant, and MKN is incorporating revisions, including refinement of regulatory considerations and infrastructure assumptions. The project has been introduced to the Department of Drinking Water, and coordination with DDW is ongoing. In February 2026, staff received and provided comments on the Draft Final

MESA WATER AND OTHER AGENCY PROJECTS STATUS REPORT

July 2026

Feasibility Study and continued discussions with DDW. The Final Feasibility Study was received in March 2026 and presented to the Board at the March 11, 2026 Board meeting. MKN (now Ardurra) presented to the City of Huntington Beach's Public Works Commission in May 2026 and received a positive response. The Commissioners were invited to visit the MWRF and MWECC. Ardurra submitted a proposal for next steps in May 2026. Coordination with the City of Huntington Beach and Orange County Water District is necessary to move forward with next steps.

Pipeline Integrity Program

File No.: M25-103

Description: Implement Resolution No. 1525 Replacement of Assets.

Status: Since its inception in 2015, the Pipeline Integrity Program has been implemented by staff to use pipeline condition, rather than pipeline age, to prioritize pipeline replacements. The current and previous fiscal year's progress is described in this report. In Fiscal Year (FY) 2024, the Pipeline Integrity Program Consultant reviewed mainline break data from FY 2022 and FY 2023 and recommended condition assessment for pipeline groups with break thresholds that exceed the standards of Resolution No. 1525. These recommendations were presented to the Board in September 2023. Based on the recommendations, staff negotiated a proposal for ePulse condition assessment of 2.2 miles of AC pipe. The field work was completed in May 2024 and the report was received in July 2024. The results of the condition assessment were reviewed by the Pipeline Integrity Program Consultant. The consultant's report was received in October 2024 and reviewed by staff. No AC pipelines were recommended in the report. Additionally, Municipal Water District of Orange County (MWDOC) staff performed 100 miles of Leak Detection in May and June 2024. The final leak detection report was received in June 2024 and no mainline leaks were reported. Staff evaluated the feasibility of a condition assessment technology for small diameter metal pipelines, and has requested a proposal from a vendor. The contract for small diameter pipeline condition assessment was approved at the March 12, 2025 Board meeting. The condition assessment was attempted on June 16-17, 2025 but was not successful. Staff sent ten AC pipe samples collected in conjunction with routine work for wall thickness measurement in February 2025. The wall thickness measurements were received in April 2025 and were reviewed by staff and the Pipeline Integrity Program Consultant. No immediate pipeline replacements were suggested by the data. The Consultant's report was received in June 2025 and was reviewed by staff. MWDOC completed 100 miles of Leak Detection in May 2025. No mainline leaks were found. Permanent pressure transient

MESA WATER AND OTHER AGENCY PROJECTS STATUS REPORT

July 2026

monitoring at the pump stations and other strategic locations was installed in June 2025. Staff is evaluating several AI models to predict mainline breaks and prioritize pipeline replacement. A contract was awarded to HDR to continue as the Pipeline Integrity Program consultant for FY 2026. A kickoff meeting for FY 2026 work was held in September 2025. An update to the Board was presented in October 2025. An updated Replacement of Assets resolution was brought to the January 28, 2026 Board meeting and the Board's comments were incorporated. The revised Replacement of Assets resolution was brought to the February 11, 2026 Board meeting. Sixteen AC pipe samples collected as part of break repairs and valve and hydrant replacements were sent to the lab for wall thickness testing on February 24, 2026. Wall thickness results were received on June 22, 2026 and reviewed by the Pipeline Integrity Program consultant. A report with remaining useful life estimates and recommendations for condition assessments and replacements was received from the consultant on June 30, 2026, and being reviewed by staff.

SCADA Needs Assessment

File No.: M26-100

Description: Assess Mesa Water's current Supervisory Control and Data Acquisition system, compile a comprehensive asset list, and define a path forward for modernization and future system improvements.

Status: Staff developed a draft Scope of Work and incorporated feedback from expert consultants. The Request for Proposal was posted in October 2025 and six proposals were received in November 2025. An information item was provided at the December 2025 Board meeting. A contract was awarded to West Yost at the January 14, 2026 Board meeting. The contract was executed in February 2026 and the kickoff occurred in March 2026. Site visits were completed in March 2026. West Yost is reviewing SCADA related documentation and staff interviews were completed in May and June 2026. The Baseline Conditions section of the Needs Assessment is expected in July 2026. SCADA training sessions are scheduled for August 2026.

MESA WATER AND OTHER AGENCY PROJECTS STATUS REPORT

July 2026

Mesa Water Education Center Flagpole

File No.: M25-104

Description: Evaluate the most appropriate location and height of the flagpole at the Mesa Water Reliability Facility and then execute the construction of the selected flagpole.

Status: Staff received a draft report regarding the installation of a flagpole at the Mesa Water Education Center in December 2024. Staff reviewed the draft report and presented recommendations at the April 23, 2025 Board meeting. A design proposal was received in November 2025. In order to minimize the time to get the flagpole contracted and installed, a revised proposal for a single contract (design and construction) is expected in May 2026. Design details are being finalized as of July 2026.

Mesa Water Reliability Facility Electric Vehicle Charging Station

File No.: M25-105

Description: Conduct a feasibility study and preliminary cost estimate of constructing electric vehicle (EV) charging stations at the Mesa Water Reliability Facility (MWRF).

Status: Mesa Energy Systems submitted a proposal for a feasibility study in January 2026. A kickoff meeting and site visit was held in March 2026. The draft feasibility study was submitted in April 2026. Comments were provided and a revised feasibility study was received in April 2026. A review workshop was held in May 2026. Tesla has determined that the proposed MWRF parking site does not meet the minimum required amenities for a Tesla charging location.

Well Nos. 12 and 14 Power Quality Mitigation

File No.: M26-200

Description: Evaluate and implement solutions to mitigate power quality disturbances affecting Well Nos. 12 and 14. The project includes installation of power quality monitoring equipment and evaluation of technologies such as flywheel uninterruptible power supply (UPS) systems and battery energy storage systems (BESS) to maintain well operations during voltage dips, outages and Public Safety Power Shutoff (PSPS) events.

Status: In late 2025, staff began evaluating mitigation strategies for increasing power quality disturbances affecting Well Nos. 12 and 14. In December 2025, applications were submitted to the Self-Generation Incentive

MESA WATER AND OTHER AGENCY PROJECTS STATUS REPORT

July 2026

Program (SGIP) through Southern California Edison and Southern California Gas Company for battery energy storage systems at both well sites. Battery feasibility analysis to evaluate system sizing, resilience benefits and long-term financial performance was complete and found that the battery pay back period was longer than the useful life of the battery. The results of this analysis will be incorporated into a broader backup power technology evaluation. In March 2026, staff received a proposal from Lee + Ro to evaluate backup power technologies for Well Nos. 12 and 14, including flywheel UPS systems, battery energy storage systems, and hybrid solutions. Power quality monitoring has been installed at both well sites, and the collected data will be used to inform the feasibility analysis and technology evaluation. Contracting with Lee + Ro is complete as of May 2026. The kickoff meeting and site visits were held on May 28, 2026. The site visit also included a review of the set up of the Automatic Transfer Switches (ATS) and the Variable Frequency Drives (VFDs). The time delays in the ATS setup were shortened to allow for the back up power generator to start faster. Study results were presented in a review meeting in June 2026 and will be incorporated into the analysis being performed by Lee + Ro.

Water Quality Call Report

June 2026

Date: 6/1/2026
Source: Phone/Visit
Address: 2527 Corner Stone Lane
Description: The customer became concerned about the water quality after using store-bought pool test strips to test the water.
Outcome: Staff explained Mesa Water's comprehensive water quality testing program, noting that water samples are analyzed by state-certified laboratories. Staff also explained that store-bought pool test strips are not designed to accurately evaluate drinking water quality and have limited sensitivity. The customer was provided with Mesa Water's Annual Water Quality Report and a list of local state-certified laboratories should they wish to have their water independently tested. In addition, staff scheduled a home visit to further address the customer's concerns; however, the customer was not home at the agreed-upon time. Staff attempted to contact the customer by phone following the visit and left a voicemail requesting a return call, but no response has been received.

Date: 6/5/2026
Source: Phone/visit
Address: 1867 Bonaire Way
Description: The customer reported discolored-yellowish water coming from the tap.
Outcome: Staff responded to the call after hours and flushed a nearby hydrant until the water ran clear. Staff believes the discoloration may have been caused by routine system maintenance, including hydrant flushing and valve exercising performed in the area earlier that day. Staff verified that adequate flushing had been completed to ensure the issue was resolved.

Date: 6/22/2026
Source: Phone
Address: 1073 Corona Lane
Description: The customer inquired about PFAS.
Outcome: Staff explained Mesa Water's comprehensive water quality testing program to the customer. Staff also informed the customer that all of Mesa Water's groundwater wells have been tested for PFAS, and the results were below the federal detection limits.

Date: 6/23/2026
Source: Phone
Address: Shantar Drive
Description: The customer inquired about PFAS.
Outcome: Staff explained Mesa Water's comprehensive water quality testing program to the customer. Staff also informed the customer that all of Mesa Water's groundwater wells have been tested for PFAS, and the results were below the federal detection limits.

Date: 6/24/2026
Source: Phone
Address: 2415 Winward Lane
Description: The customer called with concerns about 1,4-Dioxane, stating that they believed the levels were too high and that treatment should be implemented.
Outcome: Staff explained Mesa Water District's comprehensive testing program and assured the customer that the water meets or exceeds all state and federal drinking water standards. Staff provided the customer with the reported range and average concentrations for 1,4-Dioxane. The customer had mistakenly interpreted the hardness values listed directly below the 1,4-Dioxane entry in the Consumer Confidence Report (CCR) table as the 1,4-Dioxane results.

Date: 6/30/2026
Source: Phone/Visit
Address: 2053 Tustin Avenue, #A
Description: The customer called to report a foul odor coming from multiple bathroom sinks.
Outcome: Staff visited the residence and collected a water sample from the front hose bib. The sample was clear and had no detectable odor. Staff verified that the chlorine residual and pH levels were within normal ranges. An additional sample was collected from inside the home, which also showed no detectable odor. Based on these observations, the issue appears to be associated with the customer's internal plumbing rather than the water supply. The customer was advised to further investigate and address the internal odor concern as needed.

Satisfying our Community's
Water Needs*

MEMORANDUM

TO: Board of Directors
FROM: Calvin Hsu, CPA, Chief Financial Officer
DATE: July 22, 2026
SUBJECT: Monthly Financial Reports

RECOMMENDATION

Receive and file the Monthly Financial Reports.

STRATEGIC PLAN

Goal #3: Be financially responsible and transparent.

PRIOR BOARD ACTION/DISCUSSION

None.

DISCUSSION

The attached Treasurer's status reports reflect the performance of Mesa Water District's cash and investment accounts.

FINANCIAL IMPACT

None.

ATTACHMENTS

Attachment A: Monthly Treasurer's Status Report on Investments as of 6/30/2026
Attachment B: Monthly Treasurer's Status Report on Investments as of 5/31/2026

Mesa Water District
Quarterly Treasurer's Report on Investments
As of 06/30/2026

Investments are in compliance with the Investment Policy adopted as Resolution 1575 of the Mesa Water District Board of Directors. The liquidity of investments will meet cash flow needs for the next six months except under unforeseen catastrophic circumstances.

LAIF & US Bank

Local Agency Investment Fund (LAIF)

District LAIF includes the funds designated for advances; deposits, working capital cash and monies to pay COP

Weighted Average Return | 1.47 %

Benchmark: 3 Month Treasury Bill - March | 3.81 %

Weighted Average Maturity | 0.1 Years

Days to Maturity | 0.41

Notes

- The interest or yield shown is for the current month net of fees.
- The interest rate (Yield to Maturity @Cost) shown is the guaranteed annual interest rate for the term of the investment.
- The rate shown is the Earnings Credit Rate. These earnings are applied against bank service charges; no actual monies are received.
- LAIF general ledger carrying value reflects market value (unrealized gains/losses) only at fiscal year end. LAIF only provides the market value participation factor quarterly. The December *Fair Value Factor is 1.002181483. The yield earned on the Treasurer's Reports does not reflect change in fair market value.
- US Bank Custody Account general ledger carrying value reflects market value (unrealized gains/losses). The Yield earned does not reflect change in fair market value.

*LAIF 06/30/2026 Fair Value Factor not available at reporting deadline; previous factor reported.

I certify that this report reflects the cash and investments of Mesa Water District and is in conformity with the Government Code requirements and the District Investment Policy/Guidelines in effect at the time of the investment.

Calvin Hsu

Calvin Hsu, District Treasurer

(1) Local Agency Investment Fund | LAIF includes funds designated for allocation of working capital cash to reserves, working capital cash and advances for construction. LAIF market value on Monthly Treasurer's Status Report on Investments for months between quarters is the dollar amount invested times the fair market value Fair Value factor of prior quarter end. The general ledger LAIF carrying value reflects market value (unrealized gains and losses) only at fiscal year end. LAIF provides the Fair Value factor as of March 31, June 30, September 30 and December 31 each year. LAIF market value on this report is based on the March 31, 2026 Fair Value Factor of 0.999980831.

MEMORANDUM

TO: Board of Directors
FROM: Kaitlyn Norris, Public Affairs Supervisor
DATE: July 22, 2026
SUBJECT: Outreach Update

RECOMMENDATION

Receive and file the Outreach Update.

STRATEGIC PLAN

Goal #4: Increase public awareness of Mesa Water.

PRIOR BOARD ACTION/DISCUSSION

This item is provided monthly at a Mesa Water District (Mesa Water®) Board of Directors (Board) meeting.

DISCUSSION

Mesa Water's outreach program aims to connect the District with its constituents in order to achieve Goal #4 of the Board's Strategic Plan. Outreach activities are also designed to achieve the Strategic Plan goals related to customer service and/or regional water issues involvement by educating and informing the District's constituents about Mesa Water, water issues, and water in general. Mesa Water's constituents include external audiences, such as customers, community members, elected officials, industry colleagues, media, water districts, and special districts – as well as internal audiences, such as staff, retirees, and Board members.

Upcoming Fiscal Year 2027 Events

1. **Concerts in the Park** – Tuesday, July 28, 2026, Fairview Park – 2525 Placentia Avenue, Costa Mesa, CA 92626

The benefits of Mesa Water's outreach program include:

- Informing constituents about Southern California's perpetual drought, the historical drought facing California, and the importance of developing local and cost-effective sources of safe, reliable water for Mesa Water's service area and the region at large;
- Educating constituents about the importance of water and water stewardship, in order to sustain Southern California's population, quality of life, business, and economy;
- Educating constituents about Mesa Water's stewardship of ratepayer funds and financial responsibility to fund, invest in, and save for the current and future provision of safe and reliable water for the District's service area;

- Informing constituents of the District's infrastructure improvements to ensure water quality and water reliability for its service area;
- Learning from constituents and evolving as a well-informed Board of Directors;
- Promoting water use efficiency to Mesa Water's customers and community members to help them save water, money, and the environment;
- Ensuring, for public health and safety reasons, that Mesa Water customers and community members identify the District as their water provider and as the source of information about water in emergency situations;
- Supporting Mesa Water's service area as an actively involved participant in programs that provide added value and benefits to the community;
- Informing the media of Mesa Water's activities that benefit the District's customers and community;
- Empowering Mesa Water's Board and staff with information that will help them provide the best possible service to the District's customers and community members; and
- Strengthening Mesa Water's industry relations to provide opportunities for improving the District's business and operations -- including the areas of financial and human resources strength, infrastructure and technological innovation, and setting/supporting policies that have a positive impact on Mesa Water's service area -- so that the District can continue to provide safe, high-quality, reliable, and affordable water to its customers.

FINANCIAL IMPACT

In Fiscal Year 2027, \$861,035 is budgeted for Public Affairs Support Services; \$8,300 has been spent to date.

ATTACHMENTS

None.

Water Needs*

MEMORANDUM

TO: Board of Directors
FROM: Peter DeMarco, Water Policy Manager
DATE: July 22, 2026
SUBJECT: Federal Advocacy Report

RECOMMENDATION

Receive the presentation.

STRATEGIC PLAN

Goal #1: Provide an abundant, local, reliable and safe water supply.
Goal #4: Increase public awareness of Mesa Water.
Goal #7: Actively participate in regional and statewide water issues.

PRIOR BOARD ACTION/DISCUSSION

None.

DISCUSSION

Mesa Water District's (Mesa Water®) Federal Advocacy lobbyists will provide a verbal update to the Board of Directors (Board) at their July 22, 2026 meeting to recap successful outcomes during the March-April 2026 fly-in to Washington, D.C. and discuss next steps.

FINANCIAL IMPACT

In Fiscal Year 2027, \$396,500 is budgeted for Water Policy Support Services; no funds have been spent to date.

ATTACHMENTS

None.

Satisfying our Community's
Water Needs*

MEMORANDUM

TO: Board of Directors
FROM: Calvin Hsu, CPA, Chief Financial Officer
DATE: July 22, 2026
SUBJECT: Service Cost and Per Capita Analysis

RECOMMENDATION

Receive the presentation.

STRATEGIC PLAN

Goal #3: Be financially responsible and transparent.

PRIOR BOARD ACTION/DISCUSSION

In 2011, Mesa Water District's (Mesa Water®) Board of Directors (Board) directed staff to work with Raftelis Financial Consultants (Raftelis) to develop a Service Cost and Per Capita Analysis (Study) with the intent of identifying a feasible methodology for measuring the operational efficiency of water districts within Orange County. The Study was defined to include water agencies in the Municipal Water District of Orange County's (MWDOC) service area and is based upon publicly accessible information reported by the individual agencies.

DISCUSSION

Raftelis' current study covers Fiscal Year (FY) 2024 and uses the California State Controller's Special Districts Annual Report for revenue and expenses and changes in fund equity. The population numbers for the FY 2024 per capita calculation were sourced from the 2020 Urban Water Management Plan data.

Mesa Water continues to be one of the most efficient water districts in Orange County, with total expenditures per capita of just \$415. Since 2014, Mesa Water's expenditures per capita have increased by \$130 or 46%.

The margin between Mesa Water and the next closest water district is \$25.88. This is a result of several factors, including El Toro Water District (ETWD) paying off some of their long-term debt, which resulted in a lower total expense per capita.

The following graph illustrates the results of the water cost comparison calculation for FY 2024:

FINANCIAL IMPACT

In Fiscal Year 2026, \$10,850 was budgeted for the Service Cost and Per Capita Analysis; \$8,300 has been spent to date.

ATTACHMENTS

None.

MEMORANDUM

TO: Board of Directors
FROM: Calvin Hsu, CPA, Chief Financial Officer
DATE: July 22, 2026
SUBJECT: Financial Services Initiatives

RECOMMENDATION

Receive the presentation.

STRATEGIC PLAN

Goal #3: Be financially responsible and transparent.
Goal #7: Provide excellent customer service.
Goal #8: Practice continual business improvement.

PRIOR BOARD ACTION/DISCUSSION

At its April 10, 2024 meeting, the Board of Directors (Board) approved a contract amendment with Plante Moran, PLLC (Plante Moran) for \$175,000 to expand their consulting services to include an internal control assessment and the development of financial standard operating procedures.

At its April 23, 2025 meeting, the Board approved Plante Moran contracts to provide:

- Standard Operating Procedure Implementation Services;
- Financial Software Selection & Implementation Support; and
- Key Performance Indicators (KPI) Dashboards.

At its January 14, 2026 meeting, the Board received a presentation regarding Financial Services Initiatives, the first quarterly update stemming from the Fiscal Year (FY) 2025 Financial Services Department Assessment.

At its April 29, 2026 meeting, the Board received a presentation regarding the status of the Financial Services Initiatives, the second quarterly update stemming from the FY 2025 Financial Services Department Assessment.

BACKGROUND

Plante Moran was engaged to review Mesa Water District's (Mesa Water®) Financial Services Department's internal control environment. The review identified eight areas for improvement across finance and operational processes. While Budgeting and Payroll were assessed as operating effectively, staff recommended continued monitoring to support long-term sustainability and operational efficiency. Several of the identified opportunities for improvement are related to system limitations, underscoring the need to evaluate the implementation of a modern Enterprise Resource Planning (ERP) system.

DISCUSSION

As part of Mesa Water's ongoing efforts to further strengthen organizational processes and internal controls, staff has developed a multi-year plan focused on continuous improvement and strengthening financial operations, including evaluating and implementing a new ERP system.

This multi-year plan is expected to provide several benefits for Mesa Water, including:

- Strengthening the District's internal controls framework to mitigate risks and enhance compliance
- Enhance transparency and accountability in financial reporting and management practices

At the July 22, 2026 meeting, staff will provide the Board with a presentation regarding the status of the Financial Services Initiatives.

FINANCIAL IMPACT

MEMORANDUM

TO: Board of Directors
FROM: Kaitlyn Norris, Public Affairs Supervisor
DATE: July 22, 2026
SUBJECT: Public Affairs Fiscal Year 2026 Accomplishments

RECOMMENDATION

Receive the presentation.

STRATEGIC PLAN

Goal #4: Increase public awareness of Mesa Water.

PRIOR BOARD ACTION

None.

DISCUSSION

Mesa Water District's (Mesa Water®) Public Affairs Department aims to connect Mesa Water with its constituents to achieve Goal #4 of the Board of Directors' (Board) Strategic Plan. Outreach activities include educating and informing the District's constituents about Mesa Water and the services and benefits provided to the community.

In Fiscal Year 2026, staff focused on strengthening internal operations within the Public Affairs Department while expanding community engagement opportunities through the Mesa Water Education and Career Center (MWECC).

Staff developed and implemented new processes to improve operational efficiency at the MWECC, creating more streamlined internal workflows for facility management, improving visitor experience, and evaluating educational programming. Staff also successfully planned and hosted the Mesa Water Education Center Open House, welcoming the community to explore the new facility and learn about Mesa Water's commitment to providing local, reliable, clean, safe water.

Additionally, staff successfully on-boarded two new Public Affairs team members, providing training, establishing departmental processes, and ensuring continuity of operations as the department continued to grow. Staff utilized Mesa Water's communication channels, including social media, Mesa Water Notify, and *News on Tap*, to keep customers informed and engaged with District programs, projects, and services. Public Affairs developed coordinated messaging across departments, developed a new customer bill design, and supported the successful launch of the new customer information system, MyMesaWater. This helped ensure customers were informed and staff were prepared with coordinated responses to assist customers throughout the transition.

FINANCIAL IMPACT

In Fiscal Year 2027, \$861,035 is budgeted for Public Affairs Support Services; \$8,300 has been spent to date.

REPORTS:

13. DIRECTORS' REPORTS AND COMMENTS

*Dedicated to
Satisfying our Community's
Water Needs*

MEMORANDUM

TO: Board of Directors
FROM: Karyn Igar, P.E., Principal Engineer
DATE: July 22, 2026
SUBJECT: Huntington Beach Interagency Water Transfer Project

RECOMMENDATION

This item is provided for information.

STRATEGIC PLAN

Goal #1: Provide an abundant, local, reliable and safe water supply.
Goal #2: Perpetually renew and improve our infrastructure.
Goal #3: Be financially responsible and transparent.
Goal #7: Actively participate in regional and statewide water issues.

PRIOR BOARD ACTION/DISCUSSION

At its March 19, 2024 meeting, the Board of Directors (Board) approved funding a study and authorized up to fifty percent of \$150,000 to further investigate providing the City of Huntington Beach with groundwater.

At its July 23, 2025 meeting, the Board awarded a contract to MKN & Associates, Inc. for \$78,821 and a 10% contingency of \$7,882 for a total contract amount not to exceed \$86,703 to prepare a Feasibility Study for Huntington Beach Interagency Water Transfers, and authorized execution of the contract.

DISCUSSION

The U.S. Bureau of Reclamation's (USBR) WaterSMART Drought Response Program provides cost-share funding for projects that improve drought resiliency through infrastructure improvements that increase water management flexibility and provide alternative water supplies. Infrastructure projects are eligible for up to \$1.5MM in federal funding with a minimum 50% non-federal cost share.

Staff intends to submit an application under the Fiscal Year 2026 WaterSMART Drought Response Program for the Huntington Beach Interagency Water Transfer Project. The project would increase regional drought resilience by enabling delivery of locally produced groundwater from Mesa Water District (Mesa Water®) to the City of Huntington Beach through the existing OC-44 interconnection, reducing reliance on imported water supplies.

The application will be based on the recently completed feasibility study, which evaluated hydraulic, operational, regulatory, environmental, financial, and risk considerations and concluded that the project is technically feasible. Submission of the application does not obligate Mesa Water to proceed with construction. If the project is selected for funding, staff will return to the Board with a recommendation to accept the grant award, execute any necessary agreements, and approve any required local cost share before proceeding.

FINANCIAL IMPACT

In Fiscal Year 2027, \$250,000 is budgeted for the Huntington Beach Interagency Water Transfer Project; no funds have been spent to date.

ATTACHMENTS

None.

Satisfying our Community's
Water Needs*

MEMORANDUM

TO: Board of Directors
FROM: Peter DeMarco, Water Policy Manager
DATE: July 22, 2026
SUBJECT: Federal Advocacy Update

RECOMMENDATION

Receive and file the Federal Advocacy Update.

STRATEGIC PLAN

Goal #7: Actively participate in regional and statewide water issues.

PRIOR BOARD ACTION/DISCUSSION

This item is provided monthly at a Mesa Water District (Mesa Water®) Board of Directors (Board) meeting.

DISCUSSION

Attached are the Federal Advocacy Report and the list of Federal legislation that Mesa Water is tracking. At the Board's July 22, 2026 meeting, Mesa Water staff will provide a verbal report on any actionable, relevant, and/or timely issues.

FINANCIAL IMPACT

In Fiscal Year 2027, \$396,500 is budgeted for Water Policy Support Services; no funds have been spent to date.

Federal Government Update

FY27 House Energy & Water and Interior-EPA Appropriations Advance with Key Water Program Funding Included

On Wednesday, May 20, the House Appropriations Committee held a full Committee markup of the FY2027 Energy and Water Development and Related Agencies bill. This key legislation annually funds programs and projects within the Army Corps of Engineers and Bureau of Reclamation. Some Bureau of Reclamation programmatic highlights of the legislation include:

- **Title XVI:** The bill provides \$41 million for Title XVI and of that amount \$30 million is for WIIN Title XVI projects – with \$11 million for legacy Title XVI.
- **WIIN Water Storage:** The bill provides \$201 million for WIIN Water Storage grants (Sites Reservoir)
- **WaterSMART:** The bill provides \$20 million for WaterSMART grants for “Drought Response” and \$12 million for other WaterSMART related grants.
- **Canal Conveyance/Subsidence projects:** The bill provides \$50 million for these eligible projects.
- **Colorado River:** The bill provides \$50 million for activities that create or conserve recurring Colorado River water that contributes to supplies in Lake Mead and other Colorado River water reservoirs in the Lower Colorado River Basin or projects to improve the long-term efficiency of operations in the Lower Colorado River Basin.

The FY27 House Interior-EPA bill passed through the Appropriations Committee on June 3rd and included funding for several EPA programmatic water infrastructure and related activity accounts, including:

- \$746 million for the Clean Water SRF (\$79.3 million below the FY26 enacted level)
- \$410.7 million for the Drinking Water SRF (\$6.376 million below the FY26 enacted level)
- \$5 million for the Alternative Water Source, which is a nationwide water recycling/reuse grant program (\$3 million above the FY26 enacted level)
- \$2.25 million for the Mid & Large Drinking Water System Infrastructure Resilience and Sustainability program (same level as FY26 enacted)
- \$42 million for the Sewer Overflow and Stormwater Reuse Grant program (\$1 million above the FY26 enacted level)

- \$72.274 million for WIFIA (\$725,000 below the FY26 enacted level)
- \$5 million for the Water Infrastructure Workforce Investment program (\$400,000 below the FY26 enacted level)

The Senate Appropriations Committee has attempted twice to begin consideration of the FY2027 Appropriations Bills, but Chairwoman Collins found it necessary to postpone those meetings. She will attempt again but the process seems stuck. If that remains the case, Chairwoman Collins is expected to post a Senate Republican version of each Appropriations Bill on the Committee website towards the end of July or the beginning of August. The passing of Senator Lindsey Graham and the absence of Senator Mitch McConnell have contributed to the delays in the Senate.

EPA Proposes National Environmental Policy Act Reforms

On June 25th, the EPA [proposed a rule](#) to revise National Environmental Policy Act (NEPA) permitting review procedures. The goal is to make environmental reviews faster, clearer, and more predictable and restore NEPA to its original purpose. The rule would streamline the process without rescinding any environmental standards and laws; set an Environmental Impact Statement (EIS) page limit at 150, or 300 for actions of extraordinary complexity; establish a firm, 2-year deadline to complete an EIS; sharpen the scope of NEPA analysis to cover only the proposed action and its reasonably foreseeable environmental effects; and simplifies categorical exclusions (CEs). The comment period is currently open and closes on July 27th.

EPA to Release Sixth Unregulated Contaminant Monitoring Rule (UCMR)

On June 26th, the EPA announced plans to collect data to advance science on potential drinking water contaminants. With the goal of advancing Safe Drinking Water Act (SDWA) implementation, the agency is [proposing to monitor 30 contaminants](#) that are not currently regulated but may be present in drinking water. Under SDWA the EPA is required to issue a list of unregulated contaminants to be monitored by public water systems every 5 years, known as the Unregulated Contaminant Monitoring Rule (UCMR). The proposed list of contaminants was opened for public comment on June 26th and will remain open for 60 days. Webinars on this proposed list will also be held on August 11th and 12th. Once the list is finalized, the agency will collect and release data on the chemicals from sampled public water systems.

EPA Announces Funding for Small and Rural Communities

On June 26th, the EPA announced the availability of \$25 million to improve drinking water infrastructure in small and rural communities, which is consistent with the Make America Healthy Again initiative. The new grant funding will assist communities in making infrastructure upgrades, addressing PFAS exposure, removing sources of lead, and addressing other local drinking water challenges. This funding will be made available through the EPA's [Small, Rural, and Tribal \(SmaRT\) Drinking Water Assistance Grant Program](#). The grants are available for States and territories, who will administer the funding. California's FY26 allocation is \$1,594,000.

Public Hearing on Proposed Actions to Address PFAS in Drinking Water

On July 7th, the EPA held a public forum to allow for public comments on two recently proposed rules: [Proposed Rule to Rescind Regulatory Determinations and Regulations for PFHxS, PFNA, HFPO-DA, and Hazard Index Mixtures](#) and [Proposed PFOA and PFOS Compliance Extension Rule](#). At the beginning of the hearing the agency announced they will soon be releasing Effluent Limitations Guidelines under the Clean Water Act, and they backed both proposed rules with claims there will be a reduction in compliance costs for utilities. For both rules, representation from all 50 states; stakeholder organizations and coalitions representing nurses, farmers, environmentalists, and citizens; doctors; scientists; engineers; municipalities; college and high school students; lawyers; citizens; climate activists; and research organizations, voiced their opinions on the proposed rules.

Some overlapping concerns expressed regarding both proposed rules included concerns about impacts on public health, with science showing increased risks of cancer, chronic illnesses, fetal development, pregnancy complications, endocrine disorders, and more; the financial impact passed on to citizens and communities for bottled water, personal water filters, and healthcare in the event PFAS causes illnesses; increased risks to tribes and vulnerable communities; and personal stories of cancers and severe illnesses caused by large amounts of PFAS in blood. During the comment period for the rescission rule, statements were made that rescission would be unlawful for several reasons, including under the Safe Drinking Water Act's anti backsliding provision. During the conversation on the compliance extension rule, concerns were raised regarding the speculative nature of the rule as the EPA does not have an official inventory of how many water systems need the extension. Additionally, several participants proposed alternatives to an extension including a grant program for lower income communities for carbon filtration systems or providing a financial hardship deferral to water systems. The most prominent overarching theme for both rules was concerns of the financial and health related hardships that will be passed on to the consumers if these rules are finalized.

The agency will be allowing written comments on both rules until July 20th.

EPA Issues Revised Draft Guidance on PFOA and PFOS in Biosolids

Following the EPA's May 7th announcement stating they will be issuing new guidance to correct deficiencies in the Biden era draft biosolids PFAS guidance, they have issued [revised draft guidance](#) related to biosolids containing PFOA and PFOS. The guidance is intended to provide voluntary recommendations for wastewater treatment plant operators, biosolid managers, landowners and farmers, and State and tribal agencies on ways to reduce potential risks from PFOA and PFOS when managing sewage and biosolids. There will be a 60-day comment period beginning once the draft guidance is issued in the Federal Register.

Colorado River Oversight Hearing

On June 10th, the Senate Committee on Energy and Natural Resources held a hearing entitled "Hearing to Conduct Oversight of the Colorado River Basin, including Post-2026 Operations Negotiations." Witnesses included Andrea Travnicek, Assistant Secretary of Water and Science at the Department of the Interior; David Palumbo, Deputy Commissioner of Operations of the

Bureau of Reclamation; and Colorado River water stakeholders representing public water management, agriculture, conservation, and municipal water agencies. Discussions surrounded negotiations on post-2026 Colorado River operations and drought planning, annual funding for drought resilience and who should be supporting that funding, equity between the Lower Basin and Upper Basin proposed supply-based management framework, conservation commitments, and conditional reservoir operations. Several senators also highlighted watershed restoration, forest health, wildfire resilience, and coordination with other federal agencies as essential components of Colorado River management.

Corps of Engineers to Use Artificial Intelligence in Permitting Process

On June 12th, The Permitting Council announced plans to implement Artificial Intelligence (AI) into their permitting process in the United States Army Corps of Engineers (Corps), US Coast Guard, and National Telecommunications and Information Administration. Funding for implementation will be provided by the Federal Permitting Improvement Steering Council (FPISC). The Corps will receive \$7.1 million to use AI to develop a workflow system to process environmental reviews in a “unified way.” These updated processes are expected to save more than 42,000 hours a year, or the equivalent of 21 full-time employees. FPISC predicts this is just the beginning of AI integration into agency permitting processes.

EPA Makes Free Technical Assistance Available

EPA is offering free technical assistance for water stakeholders, such as drinking water, wastewater, and stormwater utilities to work to prepare for natural disasters through their [Strengthening Water Infrastructure for Tomorrow \(SWIFT\)](#) initiative. SWIFT is also assisting in approaches to infrastructure financing, making necessary connections that help utilities fund the implementation of their disaster resilience projects. SWIFT tools and resources include a resilient strategies guide, vulnerability self-assessment tool, hazard maps, case studies, funding programs, and other financial resources to help implement water utility resilience projects. Applications for assistance through the SWIFT initiative are accepted on a rolling basis.

SUPPORT

Water Conservation Rebate Tax Parity Act ([H.R.1871](#), [S.857](#)) Rep. Jared Huffman (D-CA), Sen. John Curtis (R-UT)

Status: House - 03/05/2025 Referred to the House Committee on Ways and Means.

Senate - 03/05/2025 Referred to the Committee on Finance.

Summary: This legislation will amend federal tax law to ensure homeowners do not have to pay income tax when they receive rebates from water utilities for water conservation and water runoff management improvements.

Special District Fairness & Accessibility Act ([H.R.2766](#), [S.2014](#)) Rep. Pat Fallon (R-TX), Sen. John Cornyn (R-TX)

Status: House - Committee on Oversight and Government Reform Ordered to be Reported (Amended) by a vote of 32 - 8

Senate - 06/10/2025 Read twice and referred to the Committee on Homeland Security and Governmental Affairs

Summary: This bill will require special districts to be recognized as local government and be eligible for federal funding.

Low-Income Household Assistance Water Program (LIHWAP) Establishment Act ([H.R.4733](#)) Rep. Eric Sorensen (D-IL)

Status: House - 12/01/2025 Referred to the Subcommittee on Water Resources and Environment

Summary: This bill will direct the Secretary of the Department of Health and Human Services (HHS) and Administrator of the Environmental Protection Agency (EPA) to make permanent the Low-Income Household Assistance Water Program (LIHWAP). This bill will allow HHS to award grants to eligible entities to provide funds to public water systems to assist low-income households in paying for drinking water or wastewater services.

Water Infrastructure Modernization Act (WIMA) ([S.2388](#), [H.R.6075](#)) Sen. Ruben Gallego (D-AZ), Rep. Robert Bresnahan (R-PA)

Status: Senate - 07/23/2025 Referred to the Committee on Environment and Public Works.

House - 11/19/2025 Referred to the Subcommittee on Water Resources and Environment.

Summary: This bill will provide \$50 million in grant funding for community water systems to purchase and implement new water technologies, including those that can identify water loss, examine pipe integrity, detect leaks, prepare for severe weather, innovate water storage systems, and more.

Water Cybersecurity Enhancement Act of 2025 ([S.1549](#), [H.R.5868](#)) Sen. Ruben Gallego (D-AZ)

Status: Senate - 05/01/2025 Referred to the Committee on Environment and Public Works.

House - 10/28/2025 Referred to the House Committee on Energy and Commerce.

Summary: This bill will extend and expand the Drinking Water Infrastructure Risk and Resilience Program and provide technical assistance and grants to community water systems for training and guidance regarding protecting from and responding to cyberattacks.

WATCH

Regulations from the Executive in Need of Scrutiny (REINS) Act ([H.R. 142](#)) Rep. Kat Cammack (R-FL)

Status: House - 01/03/2025 Referred to the Committee on the Judiciary, and in addition to the Committees on Rules, and the Budget

Summary: This bill will aim to increase accountability and transparency in the federal regulatory process by requiring that any new "major rule" proposed by federal agencies receive approval from both the House and Senate before taking effect.

To eliminate federal funding for the failed California High-Speed Rail project ([H.R. 213](#)) Rep. Kevin Kiley (R-CA)

Status: House - 01/07/2025 Referred to the House Subcommittee on Railroads, Pipelines, and Hazardous Materials.

Summary: This bill will prohibit the use of Federal financial assistance for the California High-Speed Rail development project in the State of California.

Colorado River Basin System Conservation Extension Act ([H.R. 231](#), [S.154](#)) Rep. Harriet Hageman (R-WY), Sen. John Hickenlooper (D-CO)

Status: House - 02/12/2025 Ordered to be Reported (Amended) by Unanimous Consent.
Senate - 06/18/2025 Passed Senate without amendment by Voice Vote.

Summary: This bill will reauthorize the Colorado River System Conservation Pilot Program through fiscal year 2026.

Preserving Choice in Vehicle Purchase Act ([H.R.346](#)) Rep. John Joyce (R-PA)

Status: House - 01/13/2025 Referred to the House Committee on Energy and Commerce.

Summary: This bill will block the U.S. Environmental Agency from giving California a waiver to "limit the sale or use of new motor vehicles with internal combustion engines." It would do so by modifying the waiver process under the Clean Air Act related to state emission control standards for new motor vehicles.

Providing for congressional disapproval under chapter 8 of title 5, United States Code, of the rule submitted by the Environmental Protection Agency relating to "National Primary Drinking Water Regulations for Lead and Copper: Improvements (LCRI) ([H.J. Res. 18](#)) Rep. Gary Palmer (R-AL)

Status: House - 01/13/2025 Referred to the House Committee on Energy and Commerce.

Summary: This joint resolution nullifies the rule titled National Primary Drinking Water Regulations for Lead and Copper: Improvements (LCRI), which was submitted by the Environmental Protection Agency on October 30, 2024.

Every Drop Counts Act ([H.R. 338](#)) Rep. Jim Costa (D-CA)

Status: House - 11/19/2025 Subcommittee Hearings Held.

Summary: This bill will expand the Bipartisan Infrastructure Law's Small Storage Program by making it easier for groundwater projects to qualify for funding, increase the amount of water they can store, and stabilize underground aquifers.

Fix Our Forests Act ([H.R.471](#), [S.1462](#)) Rep. Bruce Westerman (R-AR), Sen. John Curtis (R-UT)

Status: House – 01/23/2025 Passed house 279 - 141

Senate - 03/06/2025 Committee on Agriculture, Nutrition, and Forestry Subcommittee on Conservation, Forestry, Natural Resources, and Biotechnology. Hearings held.

Summary: This bill simplifies and expedites environmental reviews for forest management projects, promotes federal, state, tribal, and local collaboration, and deters frivolous litigation that delays essential projects.

Stop the Delta Tunnel Act ([H.R.1311](#)) Rep. Josh Harder (D-CA)

Status: House - 02/13/2025 Referred to the Subcommittee on Water Resources and Environment.

Summary: This bill will prohibit the Army Corps of Engineers from issuing a federal permit necessary for the State of California to build the Delta Conveyance Project, commonly known as the Delta Tunnel.

Critical Infrastructure Manufacturing Feasibility Act ([H.R.1721](#)) Rep. Mariannette Miller-Meeks (R-IA)

Status: Senate - 04/29/2025 Received in the Senate and Referred to the Committee on Commerce, Science, and Transportation.

Summary: This bill will direct the Secretary of Commerce to conduct a study on the feasibility of manufacturing more critical infrastructure goods in the United States, with a focus on identifying rural communities best suited to support domestic production.

Headwaters Protection Act of 2025 ([H.R.605](#), [S.2701](#)) Rep. Jim Costa (D-CA), Sen. Michael Bennet (D-CO)

Status: House - 02/28/2025 Referred to the Subcommittee on Conservation, Research, and Biotechnology

Senate - 09/03/2025 Referred to the Committee on Agriculture, Nutrition, and Forestry

Summary: This bill reauthorizes the Water Source Protection Program (WSPP) at \$30 million annually from 2024-2028, expands the list of eligible lands and entities, lowers the non-federal match requirement for smaller private sector companies, and reduces bureaucratic hurdles for existing Watershed Restoration Action Plans.

Colorado River Basin System Conservation Extension Act ([S.154](#), [H.R.231](#)) Sen. John Hickenlooper (D-CO), Rep. Harriet Hageman (R-WY)

Status: Senate – 06/16/2025 Passed in Senate.

House – 06/23/2025 Held at the desk.

Summary: This bill will amend the Energy and Water Development and Related Agencies Appropriations Act, 2015, to reauthorize the Colorado River System conservation pilot program.

Improving Atmospheric River Forecasts Act ([S.322](#), [H.R.4302](#)) Sen. Alex Padilla (D-CA)

Status: Senate – 01/29/2025 Referred to Committee on Commerce, Science, and Transportation

House - 07/07/2025 Referred to the House Committee on Science, Space, and Technology.

Summary: This bill will require the National Oceanic and Atmospheric Administration (NOAA) to establish a forecast improvement program within the National Weather Service.

Wildfire Emergency Act of 2025 ([S.350](#)) Sen. Alex Padilla (D-CA)

Status: Senate - 07/17/2025 Referred to the Committee on Agriculture, Nutrition, and Forestry

Summary: This bill will direct the Secretary of Agriculture to select and implement these projects, focusing on reducing the threat of destructive wildfires and assisting communities in increasing their resilience.

Lower Colorado River Multi-Species Conservation Program Amendment Act of 2025 ([H.R.831](#), [S.291](#)) Rep. Ken Calvert (R-CA), Sen. Alex Padilla (D-CA)

Status: House - 03/16/2026 Passed the House.

Senate - 03/17/2026 Received in the Senate.

Summary: This bill will establish an interest-bearing account for the non-Federal contributions to the Lower Colorado River Multi-Species Conservation Program. This will ensure that state contributions to conservation projects in the Lower Colorado River Basin are able to earn interest and grow before being allocated.

Emergency Wildfire Fighting Technology Act ([H.R.836](#)) Rep. David Valadao (R-CA)

Status: House – 02/05/2025 Passed the House

Senate - 02/06/2025 Referred to the Committee on Agriculture, Nutrition, and Forestry.

Summary: This bill will require the U.S. Forest Service and the Department of the Interior to jointly evaluate the use of the Container Aerial Firefighting System to mitigate and suppress wildfires

Disaster Resiliency and Coverage Act of 2025 ([H.R.1105](#)) Rep. Mike Thompson (D-CA)

Status: House - 02/06/2025 Referred to the Subcommittee on Economic Development, Public Buildings, and Emergency Management.

Summary: This bill will provide homeowners in disaster-prone regions with broad incentives to harden their properties against wildfires and other risks.

Water Systems PFAS Liability Protection Act ([H.R.1267](#)) Rep. Marie Gluesenkamp Perez (D-WA)

Status: House - 02/12/2025 Referred to the Subcommittee on Water Resources and Environment.

Summary: This bill exempts specified water management entities from liability under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA) for releases of certain perfluoroalkyl or polyfluoroalkyl substances, commonly referred to as PFAS.

Aquatic Biodiversity Preservation Act of 2025 ([H.R. 1332](#)) Rep. Dave Min (D-CA)

Status: House - 02/13/2025 Referred to the House Committee on Natural Resources.

Summary: This bill will establish a program within the National Oceanic and Atmospheric Administration (NOAA) to collect data on at-risk, aquatic species.

Midnight Rules Relief Act ([H.R.77](#), [S.164](#)) Rep. Andy Biggs (R-AZ), Sen. Ron Johnson (R-WI)

Status: House – 02/12/2025 Passed in House by the Yeas and Nays: 212 - 208

Senate - 02/13/2025 Referred to the Committee on Homeland Security and Governmental Affairs

Summary: This bill will allow lawmakers to roll back multiple federal regulations in one Congressional Review Act resolution, as currently CRA resolutions can only address one rule at a time.

Coastal Commission Accountability Act ([H.R. 1874](#)) Rep. Kevin Kiley (R-CA)

Status: House - 03/05/2025 Referred to the House Committee on Natural Resources.

Summary: This bill will amend the Coastal Zone Management Act (CZMA) to expedite important coastal activities, including national security initiatives, critical infrastructure development, and disaster mitigation and recovery efforts.

Federally Integrated Species Health (FISH) Act ([H.R.1894](#)) Rep. Ken Calvert (R-CA)

Status: House - 03/06/2025 Referred to the House Committee on Natural Resources.

Summary: This bill will eliminate the National Oceanic and Atmospheric Administration (NOAA) Fisheries' oversight role in regulating salmon and other fish under the Endangered Species Act and designate the Fish and Wildlife Life Service (FWS) as the sole regulatory authority.

Promoting Efficient Review for Modern Infrastructure Today (PERMIT) Act ([H.R.2093](#), [H.R.3898](#)) Rep. Ken Calvert (R-CA), Rep. Mike Collins (R-GA)

Status: House - 03/14/2025 Referred to the House Committee on Transportation and Infrastructure.

Senate - 12/15/2025 Received in the Senate and Referred to the Committee on Environment and Public Works.

Summary: This bill will reform the Clean Water Act to streamline permitting, reduce regulatory delays, provide greater certainty for developers, and redefine "navigable waters."

Protect the West Act of 2025 ([S.670](#)/[H.R.1459](#)) Sen. Michael Bennet (D-CO), Rep. Jason Crow (D-CO)

Status: Senate - 02/20/2025 Referred to the Committee on Agriculture, Nutrition, and Forestry.

House - 03/20/2025 Referred to the Subcommittee on Conservation, Research, and Biotechnology

Summary: This bill will provide an investment of \$60 billion to establish an Outdoor Restoration Fund for restoration and resilience projects across the West.

Preventing Our Next Natural Disaster Act ([H.R.403](#)) Rep. Eric Swalwell (D-CA)

Status: House - 01/15/2025 Referred to the Subcommittee on Economic Development, Public Buildings, and Emergency Management

Summary: This bill will modify the Building Resilient Infrastructure and Communities (BRIC) grant program to increase FEMA's Disaster Relief fund and increases funding accessibility for community planning, environmental justice communities, and impoverished communities.

Ending Major Borderland Environmental Ruin from Wildfires (EMBER) Act ([H.R.2026](#)) Rep. Ken Calvert (R-CA)

Status: House - 04/04/2025 Referred to the Subcommittee on Forestry and Horticulture.

Summary: This bill will ensure better assessment, prevention, and help for communities to manage wildfires. It focuses on modernizing wildfire policies, bolstering resilience, and enhancing restoration efforts.

Endangered Species Act (ESA) Amendments Act ([H.R.1897](#)) Rep. Bruce Westerman (R-AR)

Status: House – 04/20/2026 H. Res. 1189 provides for one motion to recommit on the bill

Summary: This bill will amend the Endangered Species Act of 1973 to improve conservation of resources and wildlife, protect endangered species, and streamline permitting.

Urban Waters Federal Partnership Act ([H.R.2401](#)) Rep. Greg Stanton (D-AZ)

Status: House - 03/27/2025 Referred to the Committee on Transportation and Infrastructure, and to the Committees on Natural Resources, and Appropriations.

Summary: This bill will formally authorize the Urban Waters Federal Partnership Program, which supports improvements to waterways and urban renewal.

Water Intelligence, Security, and Cyber (Water ISAC) Threat Protection Act ([H.R. 2344/S. 1118](#)) Rep. Jan Schakowsky (D-IL), Sen. Ed Markey (D-MA)

Status: House - 03/25/2025 Referred to the Subcommittee on Water Resources and Environment.

Senate - 03/25/2025 Referred to the Committee on Environment and Public Works.

Summary: This bill will increase drinking water and wastewater system threat preparedness and resilience by directing the EPA to establish a program to offset costs to water systems and increase support.

Providing for congressional disapproval of a rule published by the Fish and Wildlife Service relating to "Endangered and Threatened Wildlife and Plants" ([H.J.Res.78](#)) Rep. Doug LaMalfa (R-CA)

Status: House - 05/01/2025 Passed with a voice vote of 216 - 195

Senate - 05/05/2025 Received in the Senate.

Summary: This bill provides congressional disapproval for a rule from the Fish and Wildlife Service which lists the San Francisco Bay-Delta distinct population segment (DPS) of longfin smelt as an endangered species under the Endangered Species Act

Water Risk and Resilience Reorganization ([H.R.2594](#)) Rep. Eric Crawford (R-AR)

Status: House - 04/02/2025 Referred to the Committee on Transportation and Infrastructure, and to the Committee on Energy and Commerce.

Summary: This bill will establish a Water Risk and Resilience Organization to support modifications and implementation for water systems to meet risk and resilience requirements.

Forest Service Accountability Act ([H.R.1762](#), [S.1061](#)) Rep. Ryan Zinke (R-MT), Sen. Mike Lee (R-UT)

Status: House - 03/28/2025 Referred to the Subcommittee on Forestry and Horticulture.

Senate - 03/13/2025 Read twice and referred to the Committee on Agriculture, Nutrition, and Forestry

Summary: This bill will make the Chief of the Forest Service a Presidentially appointed position

Safeguard American Voter Eligibility (SAVE) Act ([H.R.22](#), [S.128](#)) Rep. Chip Roy (R-TX), Sen. Mike Lee (R-UT)

Status: House – 04/10/2025 Passed by the Yeas and Nays: 220 – 208

Senate - 01/16/2025 Referred to the Committee on Rules and Administration.

Summary: This bill will amend the National Voter Registration Act of 1993 to people provide proof of citizenship when registering to vote in a federal election. The documents for proof of citizenship include a passport, REAL ID, birth certificate, or a military ID.

Restoring WIFIA Eligibility Act ([H.R.3035](#), [S.1760](#)) Rep. Jim Costa (D-CA), Sen. John Curtis (R-UT)

Status: House - 04/28/2025 Referred to the Committee on Transportation and Infrastructure, and the Committee on Energy and Commerce.

Senate - 05/14/2025 Referred to the Committee on the Budget.

Summary: This bill will amend the Water Infrastructure Finance and Innovation Act of 2014 (WIFIA) to clarify that federally-owned infrastructure projects managed by non-federal entities are eligible for WIFIA funding.

Help Hoover Dam Act ([S.1570](#), [H.R.3158](#)) Sen. Catherine Cortez Masto (D-NV), Re. Susie Lee (D-NV)

Status: Senate - 05/01/2025 Referred to the Committee on Energy and Natural Resources.

House - 05/01/2025 Referred to the House Committee on Natural Resources.

Summary: This bill will preserve Hoover Dam as an affordable energy source and strengthen the Southwest's electrical grid by giving the Bureau of Reclamation the authority to use "stranded funds" currently in the Colorado River Dam Fund to pay for operation, maintenance, and replacement projects at Hoover Dam.

Investing In Our Communities Act ([H.R.1255](#)) Rep. David Kustoff (R-TN)

Status: House - 02/12/2025 Referred to the House Committee on Ways and Means.

Summary: This bill will restore tax-exempt advance refunding for municipal bonds so state and local governments can more efficiently invest in projects throughout their communities.

Technical Fix for the State Response to Contaminants Program ([S.1324](#)) Sen. Jeanne Shaheen (D-NH)

Status: Senate - 04/08/2025 Referred to the Committee on Environment and Public Works.

Summary: This bill will provide flexibility for states to use funding from the Bipartisan Infrastructure Law for PFAS in small and disadvantaged communities to assist private well owners.

Wastewater Infrastructure Pollution Prevention and Environmental Safety (WIPPES) Act ([S.1092](#)/[H.R.2269](#)) Sen. Jeff Merkley (D-OR), Rep. Lisa McClain (R-MI)

Status: Senate – 03/22/2026 Passed the Senate

House – 06/23/2025 Passed the House by voice vote.

Summary: This bill will require products with significant potential to be flushed to be labeled with “Do Not Flush” notices to protect pipe infrastructure.

Modification of the Aquifer Recharge Flexibility Act ([H.R.331](#), [S.1254](#)) Rep. Russ Fulcher (R-ID)

Status: House – 05/13/2025 Passed the House.

Senate - 05/14/2025 Received in the Senate and Read twice and referred to the Committee on Energy and Natural Resources.

Summary: This bill will allow holders of existing right-of-way grants to use them for aquifer recharge without needing additional authorization from the Secretary of the Interior.

To provide technical and financial assistance for groundwater recharge, aquifer storage, and water source substitution projects ([H.R.337](#)) Rep. Jim Costa (D-CA)

Status: House - 01/13/2025 Referred to the House Committee on Natural Resources.

Summary: This bill will modify the Infrastructure Investment and Jobs Act to allow unobligated funds for groundwater recharge projects, aquifer storage and recovery projects, and water source substitution for aquifer protection projects.

Agriculture Export Promotion Act of 2025 ([H.R.1086](#)) Rep. Dan Newhouse (R-WA)

Status: House - 02/06/2025 Referred to the House Committee on Agriculture.

Summary: This bill will extend and increase funding for the Market Access Program (MAP) and Foreign Market Development (FMD) Program through Fiscal Year 2029.

Fair Access to Agriculture Disaster Programs Act ([H.R.2156](#)/[S.984](#)) Rep. Jimmy Panetta (D-CA), Sen. Alex Padilla

Status: House - 04/04/2025 Referred to the Subcommittee on General Farm Commodities, Risk Management, and Credit.

Senate - 03/12/2025 Referred to the Committee on Agriculture, Nutrition, and Forestry.

Summary: This bill will expand eligibility for USDA disaster assistance programs by waiving gross income limitations.

Advancing Water Reuse Act ([H.R.2940](#)) Rep. Darin LaHood (R-IL)

Status: House - 04/17/2025 Referred to the House Committee on Ways and Means.

Summary: This bill will catalyze the use of recycled water by manufacturers, data centers, and other industrial entities.

Disaster Related Extension of Deadlines Act ([H.R.1491](#)/[S.1438](#)) Rep. Gregory Murphy (R-NC), Sen. Raphael Warnock (D-GA)

Status: House: 12/26/2025 Became Public Law No: 119-64.

Senate - 04/10/2025 Read twice and referred to the Committee on Finance.

Summary: This bill will ensure that natural disaster victims have sufficient time to claim tax refunds and credits, even when their filing deadlines are extended due to a disaster.

Proven Forest Management Act of 2025 ([H.R.179](#)) Rep. Tom McClintock (R-CA)

Status: House - 01/08/2026 Reported (Amended) by the Committee on Natural Resources

Summary: This bill will expand forest management practices that have proven successful in reducing wildfire risks and promoting forest health, improving forest resiliency.

Filing Relief for Natural Disasters Act ([H.R.517](#)/[S.132](#)) Rep. David Kustoff (R-TN), Sen. Catherine Cortez Masto (D-NV)

Status: House: 7/24/2025 Became law

Senate - 01/16/2025 Referred to the Committee on Finance.

Summary: This bill will grant the IRS the authority to postpone federal tax filing deadlines for taxpayers affected by state-declared disasters and states of emergency.

FEMA Independence Act ([H.R. 2308](#)) Rep. Jared Moskowitz (D-FL)

Status: House - 03/24/2025 Referred to the Subcommittee on Emergency Management and Technology.

Summary: This bill will remove FEMA from the Department of Homeland Security (DHS) and restore it as an independent, Cabinet-level agency.

Water Affordability, Transparency, Equity, and Reliability (WATER) Act of 2023 ([S.1730](#)) Sen. Bernard Sanders (I-VT)

Status: Senate - 05/13/2025 Referred to the Committee on Environment and Public Works.

Summary: This bill will assist communities in securing access to clean and reliable drinking water. This bill also contains provisions to combat PFAS and provide grants for low-income communities struggling with unaffordable water bills.

Veterans Exposed to Toxic PFAS Act ([H.R.3639](#)) Rep. Michael Lawler (R-NY)

Status: House - 06/06/2025 Referred to the Subcommittee on Health.

Summary: This bill provides eligibility for Department of Veterans Affairs hospital care and medical services to veterans and their family members (including those in utero) who have specified conditions and resided at a military installation where individuals were exposed to perfluoroalkyl and polyfluoroalkyl substances, commonly known as PFAS.

National Prescribed Fire Act of 2025 ([H.R.3889](#), [S.2015](#)) Rep. Kim Schrier (D-WA), Sen. Ron Wyden (D-OR)

Status: House - 06/10/2025 Referred to the Committee on Natural Resources, and in addition to the Committees on Agriculture, and Energy and Commerce.

Senate - 12/17/2025 Committee on Energy and Natural Resources. Ordered to be reported with an amendment in the nature of a substitute favorably.

Summary: This bill will increase funding for Forest Service and DOI for prescribed burns, establish a program for implementation of prescribed burns, establish a program for workforce development, and facilitate coordination between land managers and air quality agencies to alter prescribed burn practices to reduce catastrophic smoke events in the summer.

PFAS National Drinking Water Standard Act of 2025 ([H.R.4168](#)) Rep. Brian Fitzpatrick (R-PA)

Status: House - 06/26/2025 Referred to the House Committee on Energy and Commerce.

Summary: This bill will codify the EPA's final PFAS National Primary Drinking Water Regulation, establishing enforceable maximum contaminant levels (MCLs) for six of the most hazardous PFAS chemicals, including PFOA and PFOS, in public drinking water systems.

WILTR Act of 2025 ([H.R.4181](#)) Rep. Darrell Issa (R-CA)

Status: House - 06/26/2025 Referred to the House Committee on Ways and Means.

Summary: This bill will incentivize wildfire prevention infrastructure and landowner preparedness through targeted tax relief.

The Healthy Drinking Water Affordability Act (Healthy H2O Act) ([H.R.4721](#), [S.2436](#)) Rep. David Rouzer (R-NC), Sen. Tammy Baldwin (D-WI)

Status: House - 07/23/2025 Referred to the House Committee on Agriculture.

Senate - 07/24/2025 Read twice and referred to the Committee on Agriculture, Nutrition, and Forestry.

Summary: This bill will provide grants through the U.S. Department of Agriculture for water quality testing and to purchase and install point-of-entry water filtration systems to remove contaminants from drinking water.

Snow Water Supply Forecasting Program Reauthorization Act of 2025 ([S.2437](#)) Sen. John Hickenlooper (D-CO)

Status: Senate - 06/10/2026 Committee on Energy and Natural Resources. Ordered to be reported with an amendment in the nature of a substitute favorably.

Summary: This bill will reauthorize the Bureau of Reclamation's Snow Water Supply Forecasting Program which provides grants to advance emerging snow monitoring technology that improve water supply predictions.

Fixing Emergency Management for Americans (FEMA) Act ([H.R.4669](#)) Rep. Sam Graves (R-MO)

Status: House - 09/03/2025 Ordered to be Reported (Amended) by the Yeas and Nays: 57 - 3

Summary: This bill will authorize and improve the Federal Emergency Management Agency and reform Federal disaster mitigation, preparedness, response, and recovery.

Water Infrastructure Resiliency Act ([H.R.5513](#)) Rep. Vince Fong (R-CA)

Status: House - 09/20/2025 Referred to the Subcommittee on Water Resources and Environment.

Summary: This bill will clarify eligible uses under the Clean Water State Revolving Fund (CWSRF) to include modern software tools for the modernization of infrastructure.

Water Infrastructure Resilience and Sustainability Act ([H.R.5566](#)) Rep. Salud Carbajal (D-CA)

Status: House - 12/01/2025 Referred to the Subcommittee on Water Resources and Environment.

Summary: This bill will fund upgrades to drinking water, wastewater, and stormwater infrastructure to make them more resilient against threats by reauthorizing the following programs: Drinking Water System Infrastructure Resilience and Sustainability Program, Midsize and Large Drinking Water System Infrastructure Resilience and Sustainability Program, and the Clean Water Infrastructure Resiliency and Sustainability Program.

Water Infrastructure Subcontractor and Taxpayer Protection Act ([H.R.1285](#), [S.570](#)) Rep. Mike Bost (R-IL), Se. Mark Kelly (D-AZ)

Status: House - 02/13/2025 Referred to the Subcommittee on Water Resources and Environment.

Senate - 02/13/2025 Read twice and referred to the Committee on Environment and Public Works.

Summary: Requires prime contractors on federally funded water infrastructure projects to pay subcontractors promptly and ensures federal oversight to prevent misuse of taxpayer funds.

Water Resources Technical Assistance Review Act ([H.R.3427](#)) Rep. David Taylor (R-OH)

Status: House – 09/15/2025 Passed out of the House.

Senate - 09/16/2025 Received in the Senate and Read twice and referred to the Committee on Environment and Public Works.

Summary: Requires the Army Corps of Engineers to review, assess, and report on the effectiveness of its technical assistance programs for water resources projects, ensuring they meet the needs of local communities and stakeholders.

Golden Mussel Eradication and Control Act of 2025 ([H.R.3717](#)) Rep. Josh Harder (D-CA)

Status: House - 06/04/2025 Referred to the Committee on Transportation and Infrastructure and the Committee on Natural Resources

Summary: Directs federal efforts to control and eradicate invasive golden mussel populations in U.S. waterways to protect ecosystems and infrastructure.

Regional Leadership in Wildland Fire Research Act ([H.R.6154](#), [S.647](#)) Rep. Dave Min (D-CA), Sen. Ben Ray Lujan (D-NM)

Status: House - 05/20/2026 Referred to the Subcommittee on Conservation, Research, and Biotechnology.

Senate - 02/20/2025 Referred to the Committee on Commerce, Science, and Transportation.

Summary: This bill will establish research centers at higher education institutions across the country to support wildfire research and develop new technologies to enhance wildfire preparedness.

Standardizing Permitting and Expediting Economic Development (SPEED) Act ([H.R.4776](#)) Rep. Bruce Westerman (R-AR)

Status: House – 12/18/2025 Passed by the Yeas and Nays: 221 – 196.

Senate - 12/18/2025 Referred to the Committee on Environment and Public Works.

Summary: This bill will narrow the scope of federal actions which trigger a NEPA review by redefining the term “major federal actions” and will also expedite the review process.

Water Infrastructure Resilience and Sustainability Act ([S.3590](#), [H.R.5566](#)) Sen. Lisa Blunt Rochester (D-DE), Rep. Salud Carbajal (D-CA)

Status: Senate - 01/07/2026 Read twice and referred to the Committee on Environment and Public Works

House - 12/01/2025 Referred to the Subcommittee on Water Resources and Environment.

Summary: This bill will reauthorize the Midsize and Large Drinking Water System Infrastructure Resilience Program, Drinking Water System Infrastructure Resilience and Sustainability Program, and Clean Water Infrastructure Resiliency and Sustainability Program for five years.

Unincorporated Partnerships for Grant Resources, Assistance, and Drinking Water Enhancements (UPGRADE) Act ([S. 3465](#)) Sen. Lisa Blunt Rochester (D-DE)

Status: Senate - 12/11/2025 Referred to the Committee on Environment and Public Works

Summary: This bill will amend the Safe Drinking Water Act to reauthorize the EPA’s Small, Underserved, and Disadvantaged Communities grant program through 2031 and make unincorporated communities eligible for funding to improve access to clean water.

PFAS Research and Development Reauthorization Act ([H.R. 6667](#)) Rep. Chris Pappas (D-NH)

Status: House - 02/02/2026 Referred to the Subcommittee on Water Resources and Environment.

Summary: This bill will extend EPA's authority and funding to conduct research and development on PFAS after its prior authorization expired.

No Taxation on PFAS Remediation Act ([H.R. 6669](#)) Rep. Chris Pappas (D-NH)

Status: House - 12/11/2025 Referred to the House Committee on Ways and Means.

Summary: This bill will amend the Internal Revenue Code to ensure that reimbursements or rebates used for PFAS cleanup are excluded from gross income for tax purposes.

Clean Water Standards for PFAS Act ([H.R. 6668](#)) Rep. Chris Pappas (D-NH)

Status: House - 02/02/2026 Referred to the Subcommittee on Water Resources and Environment.

Summary: This bill will require the EPA to establish effluent limitation guidelines and water quality criteria for PFAS discharges under the Federal Water Pollution Control Act, setting regulatory deadlines for industry controls.

Community Protection and Wildfire Resilience Act ([S.3609](#), [H.R.582](#)) Sen. Alex Padilla (D-CA), Rep. Jared Huffman (D-CA)

Status: Senate - 01/08/2026 Referred to the Committee on Homeland Security and Governmental Affairs.

House - 01/21/2025 Referred to the Committee on Science, Space, and Technology, and in addition to the Committees on Natural Resources, and Agriculture

Summary: This bill will create a new federal grant program to invest \$1 billion annually to help communities develop and implement Community Protection and Wildfire Resilience Plans

Making Our Communities Resilient through Enhancing Water for Agriculture, Technology, the Environment, and Residences (MORE WATER) Act ([S.3738](#)) Sen. Alex Padilla (D-CA)

Status: Senate - 03/17/2026 Committee on Energy and Natural Resources Subcommittee on Water and Power. Hearings held.

Summary: This bill will reauthorize the Bureau of Reclamation (BOR) large-scale recycled water program, providing federal grants for up to 25% of the cost of these recycling projects, and would create a new federal grant program to help repair California's water delivery system.

Growing Resilient Operations from Water Savings and Municipal- Agricultural Reciprocally-beneficial Transactions (GROW SMART) Act ([S.3737](#)) Sen. Alex Padilla (D-CA)

Status: Senate - 03/17/2026 Committee on Energy and Natural Resources Subcommittee on Water and Power. Hearings held.

Summary: This bill will authorize \$5 million per year for seven years for the BOR to fund the development of voluntary agricultural partnerships with municipal, industrial, and commercial entities and the design of innovative water-saving projects.

Water Infrastructure Finance and Innovation Act Amendments of 2025 ([H.R.6229](#)) Rep. Kim Schrier (D-WA)

Status: House - 11/22/2025 Referred to the Subcommittee on Water Resources and Environment.

Summary: This bill will reauthorize the Water Infrastructure Finance and Innovation Act of 2014 through 2029, lowers minimum project sizes for small communities, allows up to 55-year loan maturities, and promotes collaborative project delivery.

Western Wildfire Support Act ([S.91](#), [H.R.5782](#)) Rep. Joe Neguse (D-CO),

Status: Senate - 02/04/2026 Committee on Energy and Natural Resources. Ordered to be reported with an amendment in the nature of a substitute favorably.

House - 12/01/2025 Referred to the Subcommittee on Economic Development, Public Buildings, and Emergency Management.

Summary: This bill will provide comprehensive resources to prevent wildfires, enhance firefighting efforts, and support communities impacted by year-round wildfire seasons.

To require the Secretary of Agriculture to carry out activities to suppress wildfires ([H.R.178](#)) Rep. Tom McClintock (R-CA)

Status: House - 01/08/2026 Reported (Amended) by the Committee on Natural Resources.

Summary: This bill will direct the Secretary of Agriculture to carry out wildfire suppression and to not suppress wildfire fighting efforts.

Advanced Capabilities for Emergency Response Operations (ACERO) Act ([H.R.3930](#)) Rep. Vince Fong (R-CA)

Status: House - 06/11/2025 Ordered to be Reported in the Nature of a Substitute by the Yeas and Nays: 34 - 0.

Senate - 02/24/2026 Received in the Senate and referred to the Committee on Commerce, Science, and Transportation.

Summary: This bill will authorize the ACERO program which conducts research and development activities regarding aerial response to wildfires using uncrewed aircraft systems (UAS) and other advanced aviation technologies.

Save Our Sequoias Act ([H.R.2709](#)) Rep. Vince Fong (R-CA)

Status: House - 03/12/2026 Placed on the Union Calendar, Calendar No. 466

Senate - 03/17/2026 Received in the Senate and Read twice and referred to the Committee on Energy and Natural Resources.

Summary: This bill will establish a set of programs to improve the health and resiliency of giant sequoias, including shared stewardship agreements, emergency response, reforestation strategies, and collaborative restoration grants.

Snow Water Supply Forecasting Reauthorization Act ([H.R.3857](#)) Rep. Jeff Hurd (R-CO)

Status: Senate - 06/10/2026 Committee on Energy and Natural Resources. Ordered to be reported with an amendment in the nature of a substitute favorably.

Summary: This bill will reauthorize and modify the Bureau of Reclamation's Snow Water Supply Forecasting Program through FY2031.

Water Infrastructure Resilience and Sustainability Act ([S.3590](#), [H.R.5566](#)) Sen. Lisa Blunt Rochester (D-DE), Rep. Salud Carbajal (D-CA)

Status: Senate - 01/07/2026 Read twice and referred to the Committee on Environment and Public Works.

House - 12/01/2025 Referred to the Subcommittee on Water Resources and Environment.

Summary: This bill will amend the Federal Water Pollution Control Act to reauthorize the clean water infrastructure resiliency and sustainability program, and amend the Safe Drinking Water Act to reauthorize drinking water resilience and midsize/large system sustainability programs.

*Dedicated to
Satisfying our Community's
Water Needs*

MEMORANDUM

TO: Board of Directors
FROM: Peter DeMarco, Water Policy Manager
DATE: July 22, 2026
SUBJECT: State Advocacy Update

RECOMMENDATION

Receive and file the State Advocacy Update.

STRATEGIC PLAN

Goal #7: Actively participate in regional and statewide water issues.

PRIOR BOARD ACTION/DISCUSSION

This item is provided monthly at a Mesa Water District (Mesa Water®) Board of Directors (Board) meeting.

DISCUSSION

Attached are the State Advocacy Report and the list of State legislation that Mesa Water is tracking. At the Board's July 22, 2026 meeting, Mesa Water staff will provide a verbal report on any actionable, relevant, and/or timely issues.

FINANCIAL IMPACT

In Fiscal Year 2027, \$396,500 is budgeted for Water Policy Support Services; no funds have been spent to date.

ATTACHMENTS

ADVOCATES

-VIA ELECTRONIC MAIL-

July 13, 2026

To: Mesa Water District

From: Adam Quiñonez and Dennis Albiani, California Advocates

Subject: July 2026 Monthly Report

The California Legislature began its summer recess on July 2, 2026, and is scheduled to reconvene on Monday, August 3. When lawmakers return, bills carrying significant state costs will face their final test in the Assembly and Senate Appropriations Committees, which have until Friday, August 14 to report measures to the floor and August 31 as the last day for both houses to pass bills. This leaves only four weeks left of session for the Legislature to resolve hundreds of bills, negotiate amendments and send final measures to the Governor, who will have until September 30 to sign or veto legislation.

The Legislature and Governor have largely completed the principal 2026–27 budget package, centered on AB 109, the Budget Act of 2026, which was signed on June 29. The final package includes several significant revenue measures. SB 122, also signed June 29, extends the current \$5 million annual limitation on the use of business tax credits through the 2029 tax year. SB 122 also expands the sales and use tax to electronically delivered prewritten software, remotely accessed software and many software-as-a-service transactions. This represents a major new policy. The Administration estimates about \$900 million annually for the General Fund and approximately \$1.1 billion annually for local governments.

While much budget work has already been completed there are still some outstanding issues that will be deliberated when the Legislature returns. The major public-resources trailer bill, SB 166, was signed by the Governor on July 6, however, that bill solely addresses wildfire funding and does not provide funding for other important natural resources issues such as addressing subsidence of the State Water Project, levy repairs, or Prop 4 roll out. These will be issues that the Legislature will have to consider in the final month of session.

Key Bills

AB 35 (Alvarez-D) Safe Drinking Water, Wildfire Prevention, Drought Preparedness, and Clean Air Bond Act of 2024: Administrative Procedure Act: exemption: program guidelines and selection criteria
This bill would exempt Proposition 4 funding from the regulatory requirements of the Administrative Procedures Act, which would allow state agencies to disperse funds more efficiently. While typically, the regulatory process is an important part of policy settings, Proposition 4 intentionally allocated funding to existing grant programs so that funding could be allocated. However, in the crafting of Proposition 4, an exemption from the APA was not included in the language. AB 35 would establish the exemption and contains an urgency clause so the bill would take effect immediately.

Position: Support (Coalition)

Status: Enrolled on July 7.

AB 2180 (Ward-D) Local government: Proposition 218 Omnibus Implementation Act: proportional cost of service

This bill would clarify how water agencies comply with Proposition 218, particularly when setting tiered water rates. There have been several conflicting appellate court decisions in recent years that create confusion regarding Prop 218 compliance. AB 2180 would codify the more favorable framework established in *Dreher v. LADWP* and affirm that costs related to water supplies, infrastructure, and system-wide peak demand may be allocated using reasonable methodologies without tracing specific water sources to individual parcels. These methodologies could rely on existing or projected data to allocate service costs.

Position: Key Watch

Status: On the Senate floor.

AB 2215 (Calderon-D) Water rights: permits: State Water Project

AB 2215 is sponsored by the State Water Contractors. The bill would have extended six key California Department of Water Resources water right permits tied to the State Water Project through December 31, 2046. The measure was intended to protect the State Water Project's long-term water supply reliability and avoid potential limits on water diversions if the permits are deemed expired. The bill also explicitly stated that it would not have been an approval of new physical infrastructure projects, including the Delta Conveyance Project. This was a priority issue for the State Water Contractors, however it became clear that the bill did not have enough votes in the Senate Natural Resources and Water Committee and so it was pulled from consideration at the July 1 hearing.

Position: Support (Coalition)

Status: Dead

SB 872 (McNerney-D) Climate change: funding priorities

This bill would create the Delta Levees and Canal Subsidence Fund to support repairs to subsidized State Water Project canals and Delta levees threatened by climate change, sea level rise, and groundwater-related land subsidence. It would authorize the state to accept funding from sources such as the General Fund, Greenhouse Gas Reduction Fund, bonds, federal funds, and private contributions to finance these projects. The bill would direct funding toward restoring water conveyance capacity in the State Water Project and improving levees in the Delta and Suisun Marsh, including projects that also enhance habitat, water quality, and flood protection. It would require the Department of Water Resources and the Delta Conservancy to develop public spending plans, hold workshops and community meetings, and regularly report to the Legislature on project priorities and expenditures. The bill would also specify that these funds could not be used for the construction or operation of any new Delta conveyance facilities, leaving those costs to the benefiting water agencies.

Position: Support (Coalition)

Status: This bill is currently in the Assembly Appropriations Committee.

SB 1153 (Caballero-D) Disaster preparedness: urban retail water suppliers and public water systems: wildfire

SB 1153, sponsored by ACWA, seeks to provide liability protection for water agencies related to wildfires. The bill would establish that limitations in water supply or water pressure during a wildfire are not a substantial cause of wildfire damage. In addition, the bill would clarify that wildfire spread is not

an inherent risk of the design, construction, or maintenance of a public water system. If passed, the bill would require urban retail water suppliers serving high or very high fire hazard severity zones to include wildfire-specific response procedures in their emergency response plans beginning Jan. 1, 2028.

Position: Support (Coalition)

Status: This bill made it out of the Assembly Committee on Environmental Safety and Toxic Materials and will next be heard in the Assembly Appropriations Committee.

Regulatory and Administrative Actions

Water Desalination Grant Program

On June 22, DWR held a Water Desalination Grant Program Proposition 4 workshop. Proposition 4 allocates \$6.5 million for brackish desalination projects to enhance California's water and drought resilience. The grant program is in the process of developing draft guidelines to award funding. The draft guidance can be found [here](#).

- o Anticipated release of draft guidelines: Fall 2026

Tribal Beneficial Uses

On June 17, the State Water Board released a Notice of Board Workshop regarding the Draft Guidance on Designating Tribal Beneficial Uses (TBUs) (draft guidance). The draft guidance does not create or change any legal requirements; instead, it aims to clarify the TBU designation process to support statewide consistency and transparency, facilitate designations, and strengthen partnerships with California Native American Tribes. The draft guidance can be found [here](#).

- o Public Workshop: July 22 at 9:00 am
- o Written comments due: August 31

Clean Water State Revolving Fund: Intended Use Plan

On July 7 the State Water Resources Control Board (State Water Board) will consider adoption of the 2026-27 Clean Water State Revolving Fund (CWSRF) Intended Use Plan with Supplemental Intended Use Plan for the Infrastructure Investment and Jobs Act's Emerging Contaminants (EC). The draft CWSRF Intended Use Plan outlines the State Water Board's business plan for administering the CWSRF and the types of projects eligible for financing. The draft CWSRF Intended Use Plan can be found [here](#).

- o Consideration to adopt: July 7 at 9:00 am

Drinking Water State Revolving Fund: Intended Use Plan

On June 23, the State Water Board released a Notice of Opportunity for Public Comments regarding the SFY 2026-27 Drinking Water State Revolving Fund (DWSRF) Intended Use Plan. The draft DWSRF Intended Use Plan outlines the State Water Board's business plan for administering the DWSRF and the types of projects eligible for financing. The draft DWSRF Intended Use Plan can be found [here](#).

- o Board workshop: July 7 at 9:00 am
- o Written comments due July 23 by 12:00 pm
- o Consideration to adopt: August 18 at 9:00 am

California Advocates, Inc. Activity Report

- Attended weekly water lobbyists meetings.
- Attended ACWA Region 10 State Legislative Committee call.
- Attended special ACWA State Legislative Committee on June 22.
- Scheduled and attended lobby meetings on AB 2215 with members of the Senate Natural Resources and Water Committee and staff.
- Scheduled and attended lobby meetings on SB 872 with members of the Senate Natural Resources and Water Committee.
- Lobbied in support of SB 1153 to members of the Assembly Committee on Environmental Safety and Toxic Materials.
- Testified in Support of SB 1153 in Assembly Committee on Environmental Safety and Toxic Materials.
- Attended weekly CMUA lobbyist meetings.

Important Dates and Deadlines for 2025-2026

August

August 3 – Legislature reconvenes.

August 14 – Last day for fiscal committees to pass bills

[SB 601](#) ([Allen, D](#)) Water: waste discharge.

Introduced: 02/20/2025

Last Amended: 07/10/2025

Location: 08/28/2025 - Assembly 2 YEAR

Summary: The State Water Resources Control Board and the 9 California regional water quality control boards regulate water quality and prescribe waste discharge requirements in accordance with the Porter-Cologne Water Quality Control Act (act) and the National Pollutant Discharge Elimination System (NPDES) permit program. Under the act, the State Water Resources Control Board is authorized to adopt water quality control plans for waters for which quality standards are required by the federal Clean Water Act, as specified, and that in the event of a conflict, those plans supersede regional water quality control plans for the same waters. This bill would authorize the state board to adopt water quality control plans for nexus waters, which the bill would define as all waters of the state that are not also navigable, except as specified. The bill would require any water quality standard that was submitted to, and approved by, or is awaiting approval by, the United States Environmental Protection Agency or the state board that applied to nexus waters as of May 24, 2023, to remain in effect, as provided. (Based on 07/10/2025 text)

[AB 1413](#) ([Papan, D](#)) Sustainable Groundwater Management Act: groundwater adjudication.

Introduced: 02/21/2025 (Spot bill)

Last Amended: 09/02/2025

Location: 09/11/2025 - Senate 2 YEAR

Summary: Current law requires the Department of Water Resources to periodically review the groundwater sustainability plans developed by groundwater sustainability agencies pursuant to the act to evaluate whether a plan conforms with specified laws and is likely to achieve the sustainability goal for the basin covered by the plan. Current law requires a groundwater sustainability agency to evaluate its groundwater sustainability plan periodically. This bill would require a groundwater sustainability agency to, at least once every 7 years, review, and update if appropriate, its sustainable yield to ensure that the sustainable yield is based on the best available information and best available science, as defined, and will achieve sustainable groundwater management. The bill would also require a groundwater sustainability agency to provide an opportunity for public review and comment before making a determination whether to update its sustainable yield. To the extent that these requirements impose additional duties on groundwater sustainability agencies that are local agencies, the bill would impose a state-mandated local program. [AB 2013](#) ([Bennett, D](#)) High and very high fire risk areas: community water systems: preparedness and resiliency.

Introduced: 02/17/2026

Last Amended: 04/06/2026

Location: 04/23/2026 - Assembly DEAD

Summary: Existing law requires the State Fire Marshal to identify areas in the state as moderate, high, and very high fire hazard severity zones based on consistent statewide criteria and based on the severity of fire hazard that is expected to prevail in those areas. This bill would require a community water system that services more than

100 customers that are located in a high or very high fire risk area, as defined, to include an annex to its disaster preparedness plans, as provided, that includes information regarding system preparedness and resiliency during a wildfire. The bill would require the annex to contain several things, including, among others, an assessment that identifies the minimum number of and type of water pumps that are necessary to maintain average daily capacity, including, but not limited to, the operation of fire hydrant systems at the rated capacity. Support

[SB 885](#) ([Strickland, R](#)) Restoring Accountability Act: major regulations.

Introduced: 01/13/2026

Last Amended: 04/07/2026

Location: 04/23/2026 - Senate DEAD

Summary: The Administrative Procedure Act governs the procedures for the adoption, amendment, or repeal of regulations by state agencies and for the review of those regulatory actions by the Office of Administrative Law. Existing law requires a state agency proposing to adopt, amend, or repeal an administrative regulation to, among other things, assess the potential for adverse economic impact on California business enterprises and individuals, and requires a state agency proposing to adopt, amend, or repeal a major regulation on or after November 1, 2013, to prepare and submit to the Department of Finance for comment, a standardized regulatory impact analysis, as provided. Existing law defines "major regulation" for purposes of the act to mean any proposed adoption, amendment, or repeal of a regulation subject to review by the office that will have an economic impact on California business enterprises and individuals in an amount exceeding \$50,000,000, as provided. Existing law establishes procedures for the adoption of emergency regulations, including requiring that the state agency make a finding that the adoption of a regulation or order of repeal is necessary to address an emergency, as defined. Under existing law, a regulation, amendment, or order of repeal adopted as an emergency regulatory action may only remain in effect for up to 180 days, unless the adopting agency complies with specified requirements. This bill, the Restoring Accountability Act, would prohibit a state agency from taking final action to adopt a major regulation until certain requirements are met, including that after the state agency prepares a standardized regulatory impact analysis and submits the analysis to the Department of Finance, as described above, the state agency submits a proposal to the Legislature recommending legislation to authorize the adoption of the major regulation and the Legislature enacts a law expressly authorizing the state agency to adopt that major regulation. The bill, notwithstanding that prohibition, would authorize a state agency to adopt an emergency regulation that is a major regulation if the state agency complies with specified requirements governing the adoption of emergency regulations. [AB 35](#) ([Alvarez, D](#)) Safe Drinking Water, Wildfire Prevention, Drought Preparedness, and Clean Air Bond Act of 2024: Administrative Procedure Act: exemption: program guidelines and selection criteria.

Introduced: 12/02/2024

Last Amended: 06/11/2026

Location: 07/02/2026 - Assembly ENROLLMENT

Summary: The Administrative Procedure Act sets forth the requirements for the adoption, publication, review, and implementation of regulations by state agencies. The Safe Drinking Water, Wildfire Prevention, Drought Preparedness, and Clean Air Bond Act of 2024 (act), approved by the voters as Proposition 4 at the November 5, 2024, statewide general election, authorized the issuance of bonds in the amount of \$10,000,000,000 pursuant to the State General Obligation Bond Law to finance projects for safe drinking water, drought, flood, and water resilience, wildfire and forest resilience, coastal resilience, extreme heat mitigation, biodiversity and nature-based climate solutions, climate-smart, sustainable, and resilient farms, ranches, and working lands, park creation and

outdoor access, and clean air programs. Existing law authorizes certain regulations needed to effectuate or implement programs of the act to be adopted as emergency regulations in accordance with the Administrative Procedure Act, as provided. Existing law requires the emergency regulations to be filed with the Office of Administrative Law and requires the emergency regulations to remain in effect until repealed or amended by the adopting state agency. This bill, notwithstanding the above, would exempt the adoption of regulations needed to effectuate or implement programs of the act from the requirements of the Administrative Procedure Act, as provided. The bill would require a state entity that receives funding to administer a competitive grant program established using the Administrative Procedure Act exemption to do certain things, including, among other things, to develop draft project solicitation and evaluation guidelines, to transmit copies of those guidelines to the fiscal committees and to the appropriate policy committees of the Legislature, to hold a noticed public meeting on those guidelines, and to submit those guidelines to the Secretary of the Natural Resources Agency, except as provided. (Based on 07/07/2026 text)

[AB 2215](#) ([Calderon, D](#)) Water rights: permits: State Water Project.

Introduced: 02/19/2026

Last Amended: 04/16/2026

Location: 07/01/2026 - Senate DEAD

Summary: The Department of Water Resources operates the State Water Resources Development System, commonly referred to as the State Water Project.

Existing law requires that construction work for a project that will put appropriated water to beneficial use be commenced, prosecuted with due diligence, and completed within the time period specified in the water right permit. Existing law authorizes the State Water Resources Control Board to extend the deadline specified in the permit to commence or complete construction work and to put appropriated water to beneficial use for good cause shown. This bill would require that the time periods for the application of water to beneficial use and for the completion of construction work for specific water right permits held by the Department of Water Resources for the operation of the State Water Project be December 31, 2046. (Based on 04/16/2026 text)

[SB 872](#) ([McNerney, D](#)) Delta Levees and Canal Subsidence Fund.

Introduced: 01/06/2026

Last Amended: 07/02/2026

Location: 06/30/2026 - Assembly Appropriations

Summary: Existing law, the Sacramento-San Joaquin Delta Reform Act of 2009, declares that the Sacramento-San Joaquin Delta (Delta) is a critically important natural resource for California and the nation and it serves as both the hub of the California water system and the most valuable estuary and wetland ecosystem on the west coast of North and South America. Existing law establishes in the Natural Resources Agency the Department of Water Resources (department). Existing law requires the department and the Department of Fish and Wildlife to determine the principal options for the Delta and requires the department to evaluate and comparatively rate each option for its ability to do specified things, including, among others, to maintain Delta water quality for Delta users,

and to preserve, protect, and improve Delta levees. Existing law establishes in the agency the Sacramento-San Joaquin Delta Conservancy. Existing law requires the conservancy to act as a primary state agency to implement ecosystem restoration in the Delta and to support efforts that advance environmental protection and the economic well-being of Delta residents. Existing law provides for the preservation of specified management areas of the Suisun Marsh, pursuant to a protection plan prepared and adopted by the San Francisco Bay Conservation and Development Commission, as provided. Existing law establishes the Delta Stewardship Council, and requires the council to develop, adopt, and implement a comprehensive long-term management plan for the Delta, known as the Delta Plan, as provided. Existing law requires the department, upon appropriation, to reimburse an eligible local agency for costs incurred for the maintenance or improvement of specified levees, in an amount not to exceed 75% of costs incurred in excess of a set amount per mile, as provided. This bill would require the department to reimburse 100% of the excess costs if a local agency demonstrates economic hardship and the reimbursement is for a project that addresses a threat to life, property, water supply, or habitat. (Based on 07/02/2026 text)

[SB 899](#) ([Grove, R](#)) Fire prevention: Wildfire and Forest Resilience Task Force: wildfire smoke.

Introduced: 01/20/2026

Last Amended: 05/14/2026

Location: 06/24/2026 - Assembly APPR. SUSPENSE FILE

Summary: Existing law requires the Wildfire and Forest Resilience Task Force to develop a comprehensive implementation strategy to track and ensure the achievement of the goals and key actions identified in the state's "Wildfire and Forest Resilience Action Plan," as provided. Existing law requires, on or before March 1, 2026, and every 5 years thereafter, the task force to update the action plan. This bill would require the task force, on or before July 1, 2028, and in cooperation with the Office of Environmental Health Hazard Assessment, the State Air Resources Board, and the State Department of Public Health, to assess the health costs and impacts of wildfire smoke using existing wildfire smoke and health data, as provided. The bill would require the task force, in developing this assessment, to, among other things, develop a model to determine the approximate health benefits of achieving the goals identified in the action plan and make recommendations on how the action plan can increase its health benefits. (Based on 05/14/2026 text)

[SB 1153](#) ([Caballero, D](#)) Disaster preparedness: urban retail water suppliers and public water systems: wildfire.

Introduced: 02/18/2026

Last Amended: 06/22/2026

Location: 06/30/2026 - Assembly Appropriations

Summary: The California Emergency Services Act requires all public water systems, as defined, with 10,000 or more service connections to review and revise their disaster preparedness plans in conjunction with related agencies, including, but not limited to, local fire departments and the Office of Emergency Services, to ensure that the plans are sufficient to address possible disaster scenarios. A person, as defined, who violates the provisions of this act is guilty of a misdemeanor. This bill, beginning January 1, 2028, would require all urban retail water suppliers, as defined, serving a high or very high fire hazard severity zone to include incident-specific response procedures for wildfires as part of their disaster preparedness plans, including any applicable emergency response plan as required by federal law. The bill would require these plans to include, among other things, mitigation actions, including actions, procedures, and equipment, that can obviate or significantly lessen the impact of a wildfire on the water system and the supply of drinking water provided by the water supplier. (Based on 06/22/2026 text)

Position

Support - Coalition

[AB 34](#) ([Patterson, R](#)) California Renewables Portfolio Standard Program: local publicly owned electric utilities: large hydroelectric generation.

Introduced: 12/02/2024

Last Amended: 01/05/2026

Location: 07/02/2026 - Assembly ENROLLED

Summary: The California Renewables Portfolio Standard Program requires retail sellers and local publicly owned electric utilities to procure a minimum quantity of electricity products from eligible renewable energy resources during certain compliance periods up to December 31, 2030. Current law provides that a local publicly owned electric utility is not required to procure a certain amount of eligible renewable energy resources if, during a year within those compliance periods, the local publicly owned electric utility receives more than 40% of its retail sales from large hydroelectric generation under an ownership agreement or contract in effect as of January 1, 2018. Current law authorizes the State Energy Resources Conservation and Development Commission (Energy Commission) to establish appropriate multiyear compliance periods for local publicly owned electric utilities beyond December 31, 2030. This bill would provide that the provision related to the procurement of eligible renewable energy resources by local publicly owned electric utilities also applies to the compliance periods established by the Energy Commission. (Based on 06/29/2026 text)

Watch-Key

[AB 372](#) ([Bennett, D](#)) Office of Emergency Services: state matching funds: water system infrastructure improvements.

Introduced: 02/03/2025

Last Amended: 08/29/2025

Location: 09/11/2025 - Senate 2 YEAR

Summary: Current law charges the Office of Emergency Services (OES) with coordinating various emergency activities within the state. The California Emergency Services Act, contingent upon an appropriation by the Legislature, requires the OES to enter into a joint powers agreement pursuant to the Joint Exercise of Powers Act with the Department of Forestry and Fire Protection to develop and administer a comprehensive wildfire mitigation program relating to structure hardening and retrofitting and prescribed fuel modification activities. Current law authorizes the joint powers authority to establish financial assistance limits and matching funding or other recipient contribution requirements for the program, as provided. This bill, contingent upon appropriation by the Legislature, would establish the Rural Water Infrastructure for Wildfire Resilience Program within the OES for the distribution of state matching funds to urban wildland interface communities, as defined, in designated high fire hazard severity zones or very high fire hazard severity zones to improve water system infrastructure, as prescribed. The bill would require the OES to work in coordination with the Department of Water Resources, the State Water Resources Control Board, the Office of the State Fire Marshal, and other state entities as the OES determines to be appropriate, to achieve the purposes of the program. (Based on 08/29/2025 text)

[AB 550](#) ([Petrie-Norris, D](#)) The California Endangered Species Act: take of species proposed for listing: renewable electrical generation facilities.

Introduced: 02/11/2025

Last Amended: 06/25/2026

Location: 06/23/2026 - Senate Appropriations

Summary: The California Endangered Species Act prohibits the taking of an endangered, threatened, or candidate species, except as specified. Under the act, the Department of Fish and Wildlife may authorize the take of listed species by certain entities through permits or memorandums of understanding for specified purposes. The act allows take of an endangered, threatened, or candidate species by permit if, among other things, the impact of the authorized take is fully minimized and mitigated. This bill would also allow the department to

authorize by permit the take of a species proposed for listing, as defined, if specified conditions are met. The bill would provide that if a species proposed for listing becomes listed as an endangered, threatened, or candidate species, further authorization or approval shall not be required for a take of that species, if specified conditions are met, including that the species proposed for listing was included as a covered species in a permit previously issued by the department for incidental take and that the incidental take is caused by a renewable electrical generation facility. [AB 748](#) ([Harabedian, D](#)) Single-family and multifamily housing units: preapproved plans.

Introduced: 02/18/2025

Last Amended: 01/05/2026

Location: 06/30/2026 - Senate Appropriations

Summary: The Planning and Zoning Law provides for the adoption and administration of zoning laws, ordinances, rules and regulations by counties and cities and the implementation of those general plans as may be in effect in those counties or cities. In that regard, current law requires each local agency, by January 1, 2025, to develop a program for the preapproval of accessory dwelling unit plans. This bill would require each local agency, as defined, to develop a program for the preapproval of single-family and multifamily residential housing plans, whereby the local agency accepts single-family and multifamily plan submissions for preapproval and approves or denies the preapproval applications, as specified. The bill would require a large jurisdiction, as defined, to develop this program by July 1, 2027, and a small jurisdiction, as defined, to develop a program by January 1, 2029. The bill would require the local agency to post preapproved single-family or multifamily residential housing plans and the contact information of the applicant on the local agency's internet website. Watch-Key

[AB 1337](#) ([Ward, D](#)) Information Practices Act of 1977.

Introduced: 02/21/2025

Last Amended: 06/01/2026

Location: 05/06/2026 - Senate Privacy, Digital Technologies, and Consumer Protection

Summary: The Information Practices Act of 1977 prescribes a set of requirements, prohibitions, and remedies applicable to agencies, as defined, with regard to their collection, storage, and disclosure of personal information, as defined. Existing law exempts from the provisions of the act counties, cities, any city and county, school districts, municipal corporations, districts, political subdivisions, and other local public agencies, as specified. This bill would, beginning January 1, 2028, recast those provisions to, among other things, remove that exemption for

local agencies, and would revise and expand the definition of "personal information." The bill would make other technical, nonsubstantive, and conforming changes. (Based on 06/01/2026 text)

Watch-Key

[AB 1383](#) ([McKinnor, D](#)) Public employees' retirement benefits.

Introduced: 02/21/2025

Last Amended: 07/01/2026

Location: 06/24/2026 - Senate Appropriations

Summary: The Public Employees' Retirement Law (PERL) establishes the Public Employees' Retirement System (PERS) to provide a defined benefit to members of the system based on final compensation, credited service, and age at retirement, subject to certain variations. Existing law creates the Public Employees' Retirement Fund, which is continuously appropriated for purposes of PERS, including depositing employer and employee contributions. Under the California Constitution, assets of a public pension or retirement system are trust funds. The California Public Employees' Pension Reform Act of 2013 (PEPRA) establishes a variety of requirements and restrictions on public employers offering defined benefit pension plans. In this regard, PEPRA restricts the amount of compensation that may be applied for purposes of calculating a defined pension benefit for a new member, as defined, by restricting it to specified percentages of the contribution and benefit base under a specified federal law with respect to old age, survivors, and disability insurance benefits. Existing law, the Teachers' Retirement Law, establishes the State Teachers' Retirement System (STRS) and creates the Defined Benefit Program of the State Teachers' Retirement Plan, which provides a defined benefit to members of the program, based on final compensation, creditable service, and age at retirement, subject to certain variations. This bill, for service performed on and after January 1, 2027, would prohibit the pensionable compensation for calendar year 2027 used to calculate the defined benefit paid to a new member of a retirement system subject to PEPRA who retires from the system from exceeding specified percentages of the contribution and benefit base under the specified federal law with respect to old age, survivors, and disability insurance benefits. [AB 1821](#) ([Pacheco, D](#)) California Public Records Act: agency response time.

Introduced: 02/11/2026

Last Amended: 06/25/2026

Location: 07/01/2026 - Senate Appropriations

Summary: The California Public Records Act requires each state or local agency, upon a request for a copy of records that reasonably describes an identifiable record or records, to make the records promptly available to any person upon payment of fees covering direct costs of duplication, or a statutory fee if applicable, except with respect to public records exempt from disclosure by express provisions of law. Existing law requires each agency, within 10 days of a request for a copy of records, to determine whether the request seeks copies of disclosable public records in possession of the agency and to promptly notify the person of the determination and the reasons therefor. Existing law authorizes that time limit to be extended by no more than 14 days under unusual circumstances, as defined. This bill would instead require each agency to determine whether the request seeks copies of disclosable public records in possession of the agency and to promptly notify the person as described above within 10 business days of a request for a copy of records. [AB 1883](#) ([Bryan, D](#)) Workplace surveillance tools.

Introduced: 02/12/2026

Last Amended: 07/02/2026

Location: 07/01/2026 - Senate Appropriations

Summary: Would, with certain exceptions, prohibit an employer from using a workplace surveillance tool that uses artificial intelligence to, among other things, collect neural data or recognize an individual's emotional state. The bill would define an employer to include a governmental entity, including, among other entities, charter cities and the University of California. This bill would require the Labor Commissioner to enforce the bill's provisions, would authorize an employee to bring a civil action for specified remedies for a violation of the bill's provisions, and would authorize a public prosecutor to enforce the provisions. The bill would subject an employer who violates the bill's provisions to a civil penalty of up to \$500 for each violation. The bill would define various terms for purposes of its provisions. This bill would exempt from its provisions the use of a tool to the extent that its use is to ensure safety or is reasonably necessary to comply with, a federal statute, federal regulation, or binding federal contract relating to the development of aircraft for use in the national airspace or the development of products or services for national security, military, space, or defense purposes. The bill would include findings that changes proposed by this bill address a matter of statewide concern rather than a municipal affair and, therefore, apply to all cities, including charter cities. [AB 1893](#) ([Gallagher, R](#)) Wildfire prevention: local assistance grant program: eligible activities.

Introduced: 02/12/2026

Location: 05/14/2026 - Assembly DEAD

Summary: Existing law requires the Department of Forestry and Fire Protection to establish a local assistance grant program for fire prevention and home hardening education activities in California and extends eligibility for grants to specified entities, including local agencies. Existing law provides that eligible activities under the local assistance grant program include, among other things, technical assistance to local agencies to improve fire prevention and reduce fire hazards and projects to improve public safety, including, but not limited to, access to emergency equipment and improvements to public evacuation routes. Existing law makes funding for this program subject to an appropriation by the Legislature. This bill would expand eligible activities under the local assistance grant program to include projects undertaken by a local governmental entity involving the acquisition or installation of mobile rigid dip tanks or similar mobile and permanent infrastructure that is capable of providing helicopter-accessible water supplies for firefighting response or suppression purposes in very high fire and high fire hazard severity zones, as provided. Introduced: 02/12/2026

Last Amended: 03/20/2026

Location: 05/14/2026 - Assembly DEAD

Summary: Would require an employer to provide a written notice to a worker that a workplace AI tool, as defined, was used to assist the employer in making employment-related decisions or to surveil workers in the workplace. The bill would require the notice to be given to a worker within a specified time and would require the notice to contain specified information, including the specific employment-related decisions likely to be affected by the use of the workplace AI tool. The bill would require an employer to maintain an updated list of all workplace AI tools currently in use and their impact on jobs, as specified, and to provide the list to workers annually. The bill would provide for enforcement by the Labor Commissioner or a public prosecutor, and alternatively would authorize any worker who has suffered damages, or their exclusive representative, to file a civil action for damages caused by the adverse action. The bill would establish remedies and penalties for violations, including a penalty of up to \$500 for each violation. (Based on 03/20/2026 text)

[AB 2026](#) ([Aguilar-Curry, D](#)) Water diversion: groundwater recharge: permit.

Introduced: 02/17/2026

Last Amended: 07/02/2026

Location: 07/02/2026 - Senate Appropriations

Summary: Existing law declares that all water within the state is the property of the people of the state, but the right to the use of the water may be acquired by appropriation in the manner provided by law. Existing law requires the appropriation to be for some useful or beneficial purpose. Existing law provides, however, that the diversion of floodflows for groundwater recharge does not require an appropriative water right if certain conditions are met, including that a local or regional agency that has adopted a local plan of flood control or has considered flood risks as part of its most recently adopted general plan has given notice, as provided, of imminent risk of flooding and inundation of lands, roads, or structures. Existing law defines "floodflow" for these purposes to include circumstances in which flows would inundate ordinarily dry areas in the bed of a terminal lake to a depth that floods dairies and other ongoing agricultural activities, or areas with substantial residential, commercial, or industrial development. Existing law applies those requirements to diversions commenced before January 1, 2029. Existing law prohibits an entity from substantially diverting or obstructing the natural flow of, or substantially changing or using any material from the bed, channel, or bank of, any river, stream, or lake, or from depositing or disposing of certain material where it may pass into any river, stream, or lake, without first notifying the Department of Fish and Wildlife of that activity, and entering into a lake or streambed alteration agreement if required by the department to protect fish and wildlife resources, except as specified. This bill would revise and recast those conditions required for the appropriative water right exemption for a diversion of floodflows for groundwater recharge, would apply the requirements to a diversion commenced before January 1, 2034, and would further exempt those diversions from the requirements of CEQA and requirements relating to lake or streambed alteration agreements, subject to conducting tribal consultation, as provided. [AB 2125](#) ([Bennett, D](#)) Groundwater basin adjudication: notice.

Introduced: 02/18/2026

Last Amended: 03/25/2026

Location: 07/01/2026 - Senate CONSENT CALENDAR

Summary: Existing law requires a plaintiff who files an action to comprehensively determine rights to extract groundwater from a basin to provide the court a draft notice of commencement of groundwater basin adjudication and a draft form answer to adjudication complaint, as specified. Existing law also requires a plaintiff to file, within a specified timeframe, a motion for approval of the draft notice and draft form answer. Under existing law, once the court approves the draft notice, the plaintiff is required to serve the notice, as specified. Following a court order approving both the notice and draft form answer and authorizing service thereof, existing law requires the plaintiff to take additional steps to provide notice to defendants including, but not limited to, mailing, by registered mail or certified mail, return receipt requested, the notice, complaint, and form answer to all holders of fee title to real property in the basin. Under existing law, if a return receipt is not received for a parcel of real property, the plaintiff must post a copy of the notice, complaint, and form answer in a conspicuous place on the real property. After completing these notice procedures, existing law requires the plaintiff to file a notice of completion of the mailing with the court. Existing law permits a court to authorize any other procedures it finds appropriate and necessary to provide notice to persons who may hold groundwater rights in basin. This bill would impose additional requirements on a plaintiff when filing the notice of completion of mailing. The bill would require the plaintiff to include with the notice of completion an affidavit of the person who mailed the notice and the certified or registered mail delivery receipt for each parcel stating the date, time, and place of mailing. The bill would further require the notice to include as an attachment any certified or registered mail delivery receipts received as of the date of the filing. (Based on 03/25/2026 text)

[AB 2180](#) ([Ward, D](#)) Local government: Proposition 218 Omnibus Implementation Act: proportional cost of service.

Introduced: 02/19/2026

Last Amended: 05/22/2026

Location: 06/11/2026 - Senate THIRD READING

Summary: The California Constitution specifies various requirements with respect to the levying of assessments and property-related fees and charges by a local agency. As part of those requirements, the California Constitution mandates that such fees or charges that are extended, imposed, or increased satisfy certain requirements, including, but not limited to, that the amount of the fee or charge imposed upon any parcel or person as an incident of property ownership not exceed the proportional cost of the service attributable to the parcel. Existing law, known as the Proposition 218 Omnibus Implementation Act (act), prescribes specific procedures and parameters for local jurisdictions to comply with these requirements and, among other things, authorizes an agency providing water, wastewater, sewer, or refuse collection services to adopt a schedule of fees or charges authorizing automatic adjustments that pass through increases in wholesale charges for water, sewage treatment, or wastewater treatment or adjustments for inflation under certain circumstances. This bill would authorize a local government to demonstrate the proportional cost of the service attributable to the parcel by any method that reasonably allocates the ascertainable cost of providing service to all parcels, if substantiated as provided. The bill would, however, provide that for water or sewer service fee or charge impositions, a local government is not required to provide an exact measure of the cost of the service at each parcel and may instead impose uniform or

tiered rates to parcel or customer classes that are defined based on common characteristics indicative of likely water or sewer use. (Based on 05/22/2026 text)

Introduced: 02/20/2026

Last Amended: 04/06/2026

Location: 05/14/2026 - Assembly DEAD

Summary: Under existing law, the Porter-Cologne Water Quality Control Act, the State Water Resources Control Board and the California regional water quality control boards are the principal state agencies with authority over matters relating to water quality. The act requires the state board to formulate and adopt state policies for water quality control and requires the regional boards to adopt regional water quality control plans in compliance with the state policies. Under the act, the state board and the regional boards prescribe waste discharge requirements for the discharge of waste that could affect the quality of the waters of the state. This bill would require the State Water Resources Control Board to require the regional boards to update the Irrigated Lands Regulatory Program in order to reduce nitrogen waste discharges from commercial irrigated agricultural areas, as provided. The bill would require the regional boards to adopt revised orders with waste discharge requirements on or before January 1, 2028, that are sufficient to meet certain reductions in nitrogen waste discharges. The bill would require the state board to, on or before July 1, 2027, publish both a list of standardized crop names and categories, and a statewide methodology for calculating, and field-level reporting of, nitrogen balances for croplands, including nitrogen fertilizer applications and nitrogen discharges, that account for available soil nitrogen, to be used by the regional boards and incorporated into the revised orders. Introduced: 02/20/2026

Last Amended: 06/08/2026

Location: 07/02/2026 - Senate Appropriations

Summary: The Safe Drinking Water and Toxic Enforcement Act of 1986, an initiative measure approved by the voters as Proposition 65 at the November 4, 1986, statewide general election, prohibits a person, in the course of doing business, from knowingly and intentionally exposing any individual to a chemical known to the state to cause cancer or reproductive toxicity without giving a specified warning, or from knowingly discharging or releasing that chemical into water, or into or onto land and passing into any source of drinking water, except as specified. The act authorizes a person, acting in the public interest, to bring an action to enforce the requirements of the act if specified requirements are met. If there is a settlement of an action brought by a person in the public interest the act requires the plaintiff to submit the settlement to the court for approval upon noticed motion, and authorizes the court to approve the settlement only if the court makes specified findings, as provided, including that the award of attorney's fees is reasonable under state law. This bill would additionally require the court to find that the award of attorney's fees is appropriate under state law and that the settlement is in the public interest and provides a public benefit. The bill would further require, under a specified circumstance, the court to find that the settlement would require the defendant to reduce the exposure to the listed chemical from the level that existed before the settlement or provide a warning that complies with the act if that warning was not provided previously. Introduced: 02/20/2026

Last Amended: 03/26/2026

Location: 04/23/2026 - Assembly DEAD

Summary: Existing law authorizes the State Water Resources Control Board to adopt regulations requiring measurement and reporting of water diversion and use by persons, including, among others, those authorized to appropriate water under a permit, a license, a registration for small domestic, small irrigation, or livestock stockpond use, or a certificate for livestock stockpond use. For the initial regulations, existing law requires that they be adopted as emergency regulations and provides that the emergency regulations remain in effect until revised by the state board. Existing law also exempts the initial regulations from the California Environmental Quality Act. This bill would require, until January 1, 2032, that all further regulations adopted by the state board pursuant to these provisions be adopted as emergency regulations and remain in effect until revised by the state board, and would exempt them from the California Environmental Quality Act. Introduced: 02/20/2026

Last Amended: 07/01/2026

Location: 06/29/2026 - Senate Appropriations

Summary: Executive Order No. N-12-23 requires specified state agencies, in collaboration with other state agencies and their workforce, to draft a report to the Governor examining the most significant, potentially beneficial use cases for deployment of generative artificial intelligence (GenAI) tools by the state. The executive order requires the report to explain the potential risks to individuals, communities, and government and state government workers, and requires the report to be regularly assessed and updated in consultation with, among others, the state government workforce or organizations that represent state government employees, as specified.

Chapter 928 of the Statutes of 2024, the Generative Artificial Intelligence Accountability Act, requires specified state agencies to update the report, as needed, to respond to significant developments and to consult with specified parties, including organizations that represent state exclusive employee representatives. This bill would require certain state and local public employers to provide written notice to a recognized employee organization at least 45 days before taking an action to develop, purchase, or require the use of GenAI to perform a service that is within the scope of work of the job classification represented by the recognized employee organization. Introduced: 01/15/2025

Last Amended: 04/07/2025

Location: 08/28/2025 - Assembly 2 YEAR

Summary: Current law establishes the Office of Land Use and Climate Innovation in the Governor's office for the purpose of serving the Governor and the Governor's cabinet as staff for long-range planning and research and constituting the comprehensive state planning agency. Current law authorizes a local agency to finance infrastructure projects through various means, including by authorizing a city or county to establish an enhanced infrastructure financing district to finance public capital facilities or other specified projects of communitywide significance that provide significant benefits to the district or the surrounding community. This bill would require the office, upon appropriation by the Legislature, to establish the Infrastructure Gap-Fund Program to provide grants to local agencies for the development and construction of infrastructure projects, as defined, facing unforeseen costs after starting construction. The bill would authorize the office to provide funding for up to 20% of a project's additional projected cost, as defined, after the project has started construction, subject to specified conditions, including, among other things, that the local agency has allocated existing local tax revenue for at least 45% of the initially budgeted total cost of the infrastructure project. When applying to the program, the bill would require the local agency to demonstrate challenges with completing the project on time and on budget and how the infrastructure project helps meet state and local goals, as specified. Introduced: 02/13/2025

Last Amended: 05/23/2025

Location: 07/01/2026 - Assembly DEAD

Summary: (1)The California Wildlife, Coastal, and Park Land Conservation Act, an initiative measure approved by the voters in the June 7, 1988, statewide primary election, provided bond funds for wildlife, coastal, and parkland conservation. The initiative measure authorizes the act to be amended by a 2/3 vote of the Legislature if the amendment is consistent with the purposes of the act. Existing law requires an applicant receiving state funds under the act to maintain any property acquired in perpetuity, as specified, to use the property only for the purposes stated in the act, and to make no other use, sale, or other disposition of the property except as authorized by a specific act of the Legislature. Existing law authorizes the County of San Bernardino to sell or exchange property it owns within the Chino Agricultural Preserve that was purchased with grant funds if it meets certain conditions. This bill would additionally authorize preservation of those lands or easements for park and recreational purposes, and would explicitly include, to the extent they are consistent with the purposes of the act, playgrounds, recreational venues, and preservation of historical resources as appropriate purposes. Introduced: 01/21/2026

Last Amended: 07/01/2026

Location: 06/29/2026 - Assembly Appropriations

Summary: The California Emergency Services Act authorizes the Governor to proclaim a state of emergency when specified conditions of disaster or extreme peril to the safety of persons and property exist, and authorizes the Governor to exercise certain powers in response to that emergency, including, but not limited to, suspending specified statutes, ordinances, orders, regulations, or rules. This bill would impose specific duties on the Department of Housing and Community Development if the Office of Emergency Services makes a written determination, within 10 days after the date that the Governor declared a state of emergency relating to a wildfire, that the wildfire caused substantial structural damage requiring significant rebuilding efforts, as defined. The bill would require the department, under this condition, to consult with other specified state entities and local governments to identify state permitting requirements and local procedures that could be suspended or revised to support recovery and rebuilding efforts as a result of the wildfire, as specified. The bill would require the department to prepare and submit initial and periodic reports to the Governor and Legislature with the information and recommendations. This bill, on or before July 1, 2028, would require the Department of Housing and Community Development, in consultation with other specified state entities, to convene a workgroup to review and provide a report to the Governor and the Legislature with recommendations regarding any provision of the California Building Standards Code that should be suspended for specified types of projects to facilitate rapid, safe, disaster-resilient, and cost-effective rebuilding and recovery guidance for any future state of emergency. Introduced: 01/26/2026

Location: 04/23/2026 - Senate DEAD

Summary: The Municipal Water District Law of 1911 provides for the formation of municipal water districts and grants to those districts specified powers. Current law permits a district to acquire, control, distribute, store, spread, sink, treat, purify, recycle, recapture, and salvage any water for the beneficial use of the district, its inhabitants, or the owners of rights to water in the district. Current law, upon the request of certain Indian tribes and the satisfaction of certain conditions, requires a district to provide service of water at substantially the same terms applicable to the customers of the district to the Indian tribe's lands that are not within a district, as prescribed. Current law also authorizes a district, until January 1, 2027, under specified circumstances, to apply to the applicable local agency formation commission to provide this service of water to Indian lands, as defined, that are not within the district and requires the local agency formation commission to approve that application. This bill would extend the above provisions regarding the application to the applicable local agency formation commission to January 1, 2032. (Based on 01/26/2026 text)

[SB 951](#) ([Reyes, D](#)) Employment: technological displacement: notice.**Introduced:** 02/02/2026**Last Amended:** 07/02/2026**Location:** 07/02/2026 - Assembly Appropriations

Summary: Existing law establishes the Labor and Workforce Development Agency, which is composed of various departments responsible for protecting and promoting the rights and interests of workers in California, including the Division of Labor Standards Enforcement, led by the Labor Commissioner, within the Department of Industrial Relations. Existing law establishes the Employment Development Department (EDD), which is administered by the Director of Employment Development. Under existing law, the Director of Employment Development is vested with specified duties, purposes, responsibilities, and jurisdiction related to job creation activity functions, among other things. Existing law, the California Worker Adjustment and Retraining Act (Cal/WARN Act), prohibits an employer from ordering a mass layoff, relocation, or termination at a covered establishment unless, 60 days before the order takes effect, the employer gives written notice of the order to the employees affected by the order and to the EDD and certain local officials. Existing law makes an employer who fails to give specified notice regarding a mass layoff, relocation, or termination subject to a civil penalty of not more than \$500 for each day of the employer's violation. This bill would revise the Cal/WARN Act to also require an employer giving notice of a mass layoff, relocation, or termination caused in whole or in substantial part by an artificial intelligence (AI) system or other automated technology replacing or automating employment positions to include certain information in the notice, including the job functions performed by workers that will be automated by AI. [SB 986](#) ([Seyarto, R](#)) Major regulations.**Introduced:** 02/05/2026**Last Amended:** 04/15/2026**Location:** 05/14/2026 - Senate DEAD

Summary: The Administrative Procedure Act (APA) governs the procedures for the adoption, amendment, or repeal of regulations by state agencies and for the review of those regulatory actions by the Office of Administrative Law (OAL). The APA requires a state agency proposing to adopt, amend, or repeal an administrative regulation to, among other things, assess the potential for adverse economic impact on California business enterprises and individuals, and requires a state agency proposing to adopt, amend, or repeal a major regulation to prepare and submit to the Department of Finance for review, a standardized regulatory impact analysis, as provided. The APA defines "major regulation," for purposes of the act, to mean any proposed adoption, amendment, or repeal of a regulation subject to review by the OAL that will have an economic impact on California business enterprises and individuals in an amount exceeding \$50,000,000, as provided. The APA provides exceptions for emergency regulations in the case of a situation that calls for immediate action to avoid serious harm to the public peace, health, safety, or general welfare. This bill would prohibit a major regulation from taking effect until submission to, and expiration of a 60-day review period by, the Legislature, except as provided for emergency regulations. The bill would, prior to the expiration of the 60-day review period, require the Legislature to hold an informational hearing on the major regulation. (Based on 04/15/2026 text)

[SB 992](#) ([Niello, R](#)) County auditors: special districts: annual audit exceptions.

Introduced: 02/05/2026

Last Amended: 06/23/2026

Location: 07/02/2026 - Assembly CONSENT CALENDAR

Summary: Existing law requires a county auditor to make or contract with a certified public accountant or public accountant to make an annual audit of the accounts and records of every special district within the county for which an audit is not otherwise provided, as specified. Existing law authorizes a special district to replace this annual audit with a financial review, or, until January 1, 2027, an agreed-upon procedures engagement or an annual financial compilation of the special district, if specified conditions are met, including that the special district's annual revenues do not exceed \$150,000. Until January 1, 2027, upon receipt of the financial review, agreed-upon procedures engagement, or financial compilation, existing law authorizes a county auditor to appoint a certified public accountant or a public accountant to conduct an audit of the special district, as specified. Existing law prohibits a special district from replacing the annual audit requirement with an annual financial compilation for more than 5 consecutive years, after which existing law requires the special district to use specified procedures. This bill would extend the January 1, 2027, repeal date referenced above to January 1, 2037, and would increase the revenue cap described above to \$250,000. (Based on 06/23/2026 text)

[SB 994](#) ([Cabaldon, D](#)) Local agencies: nondisclosure agreements.

Introduced: 02/05/2026

Last Amended: 06/22/2026

Location: 07/02/2026 - Assembly Appropriations

Summary: Existing law, the legislative code of ethics, prohibits Members of the Legislature from entering into, or requesting that another party enter into, a nondisclosure agreement relating to the drafting, negotiation, or discussion of proposed legislation. Existing law also makes any nondisclosure agreement relating to the drafting, negotiation, or discussion of proposed legislation entered into after January 1, 2026, void and unenforceable. Existing law provides an exception for nondisclosure agreements, or portions thereof, that prevent only the disclosure of trade secrets, financial information, or proprietary information, as specified. This bill would prohibit a local agency official, as defined, acting in their official capacity from entering into, or requesting that another individual enter into, a nondisclosure agreement relating to public business that precludes their ability to share information with fellow local agency officials serving on the same council, board, commission, district, or agency. The bill would require a local agency official in violation of that provision to, among other things, disclose the existence of the nondisclosure agreement, as specified, and would provide that these requirements imposed on a local agency official also apply to a local agency official acting in their official capacity who entered into, or requested that another individual enter into, a nondisclosure agreement described above before January 1, 2027. [SB 1001](#) ([Archuleta, D](#)) Local agency, public utility, or mutual water company: personnel access: Personal Identity Verification-Interoperable.

Introduced: 02/09/2026

Last Amended: 04/21/2026

Location: 05/14/2026 - Senate DEAD

Summary: Existing law authorizes officers of the Department of the California Highway Patrol, police departments, marshal's office or sheriff's office, and officers or employees of the Department of Forestry and Fire Protection or the Department of Fish and Wildlife designated as peace officers to close to all unauthorized persons an area where a menace to the public health or safety created by a calamity exists for the duration of the menace and the immediate area surrounding any emergency field command post or any other command post activated for the purpose of abating a calamity, riot, or other civil disturbance, as specified. Under existing law, an unauthorized person who enters or remains in a closed area, as prescribed, is guilty of a misdemeanor. This bill would, beginning on July 1, 2028, require the Office of Emergency Services, upon request, to issue a local agency, public utility, or mutual water company responsible for public works and critical infrastructure with specified credentialing to facilitate personnel access to an area during or following a natural disaster, act of terrorism, or other man-made disaster. The bill would specify that the credentialing, a Personal Identity Verification-Interoperable (PIV-I), would conform with the federal Personal Identity Verification standards pursuant to federal National Incident Management System guidelines. Introduced: 02/13/2026

Last Amended: 06/17/2026

Location: 07/02/2026 - Assembly Appropriations

Summary: The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to be responsible for determining whether a project is exempt from CEQA and whether an environmental impact report, a negative declaration, or a mitigated negative declaration is required. Existing law requires a city or county that determines a certain type of project is subject to the requirements of CEQA to identify any public water system that may supply water for the project and to request those public water systems to prepare a specified water supply assessment, as provided. This bill, among other things, would instead require a city or county, upon receipt of a preliminary application for a housing development project that meets certain conditions, or upon a development application for certain projects being determined as complete or deemed complete, to make that identification of public water systems. The bill would require a city or county, within 15 days of receiving an application that meets either of the above-mentioned criteria, to request each identified public water system to

determine whether the projected water demand associated with the proposed project was included in the most recently adopted urban water management plan. (Based on 06/17/2026 text)

[SB 1123](#) ([Wiener, D](#)) Administrative Procedure Act: major regulations.

Introduced: 02/17/2026

Location: 07/01/2026 - Assembly DEAD

Summary: The Administrative Procedure Act requires a state agency proposing to adopt, amend, or repeal an administrative regulation to assess the potential for adverse economic impact on California business enterprises and individuals and avoid the imposition of unnecessary or unreasonable regulations or reporting, recordkeeping, or compliance requirements. The act requires a state agency proposing to adopt, amend, or repeal a major regulation to satisfy additional requirements, including by requiring the state agency to prepare a standardized regulatory impact analysis in the manner prescribed by the Department of Finance, as specified, and requires the analysis to address certain items, including the creation or elimination of jobs within the state and the competitive advantages or disadvantages for businesses currently doing business within the state. This bill would require an agency, in estimating the economic impact of adopting, amending, or repealing a regulation, to identify and calculate any offsetting benefits, impacts, or savings that might result directly or indirectly from that adoption, amendment, or repeal and factor those benefits, impacts, or savings into its economic impact estimate. Introduced: 02/17/2026

Last Amended: 06/09/2026

Location: 06/24/2026 - Assembly Appropriations

Summary: Existing law requires the State Water Resources Control Board to develop a plan for the funding and implementation of the Low-Income Water Rate Assistance Program. Existing law requires the plan to include, among other things, a description of the method for collecting moneys to support and implement the program and a description of the method for determining the amount of moneys that may need to be collected from water ratepayers to fund the program. This bill would establish the Water Rate Assistance Program. As part of the program, the bill would establish the Water Rate Assistance Fund in the State Treasury, available upon appropriation by the Legislature, to provide water affordability assistance for residential water services to low-income residential ratepayers, as specified. The bill would require the state board to take various actions in administering the fund, including, among other things, tracking and managing revenue in the fund separately from all other revenue. The bill would require the state board, in consultation with relevant agencies and after a public hearing, to adopt guidelines for implementation of the program and to adopt an annual report to be posted on the state board's internet website identifying how the fund has performed, as specified. The bill would require the guidelines to include minimum requirements for eligible systems, including the ability to confirm eligibility for enrollment through a request for self-certification of eligibility under penalty of perjury. By expanding the crime of perjury, the bill would impose a state-mandated local program. (Based on 06/09/2026 text)

Summary: Existing law requires, within 7 months after the close of each fiscal year or within the time prescribed by the Controller, whichever is later, the officer of each local agency, as defined, who has charge of the financial records to furnish to the Controller a report of all the financial transactions of the local agency during the preceding fiscal year, as specified. Existing law requires the report to contain underlying data from audited financial statements prepared in accordance with generally accepted accounting principles, as specified, and to state certain information, including the aggregate income during the preceding fiscal year. Existing law requires the legislative body, upon completion of the report, to either post the report in a conspicuous location on its internet website or to cause copies of the report to be prepared and the clerk of the legislative body to furnish a copy to any person requesting it, as specified. This bill would require a local agency, as defined, that maintains an internet website to post its audited financial statements, or its annual comprehensive financial report, on its internet website within 30 days of the date that the statements or report are completed by the local agency, as specified. The bill would make its provisions operative on January 1, 2028. (Based on 05/26/2026 text)

Introduced: 02/18/2026

Last Amended: 03/23/2026

Location: 07/01/2026 - Senate ENROLLED

Summary: The Monterey Peninsula Water Management District Law establishes the Monterey Peninsula Water Management District. The act authorizes the district to, among other things, prohibit the use of district water during an emergency caused by drought, or other threatened or existing water shortage, for specific uses that the district finds to be nonessential. Existing law prohibits the use of potable water for the irrigation of nonfunctional turf located on commercial, industrial, and institutional properties, other than a cemetery, and on properties of homeowners' associations, common interest developments, and community service organizations or similar entities, as specified. Existing law requires a person or entity to be subject to civil liability or penalties by the State Water Resources Control Board, as prescribed, or to civil liability and penalties imposed by an urban water supplier, pursuant to a locally adopted ordinance or policy. Existing law authorizes a public water system, city, county, or city and county to enforce the provisions relating to the prohibition, as specified. This bill would require a person or entity to be subject to civil liability or penalties imposed by the Monterey Peninsula Water Management District pursuant to a locally adopted ordinance or policy. Introduced: 02/18/2026

Last Amended: 06/25/2026

Location: 07/02/2026 - Assembly THIRD READING

Summary: The California Constitution provides that people have the right of access to information concerning the conduct of the people's business. Various provisions of existing law, including the California Public Records Act, the Legislative Open Records Act, the Bagley-Keene Open Meeting Act, and the Ralph M. Brown Act, provide, with some exceptions, for public access to government records and meetings of government bodies. Among those acts, the California Public Records Act defines "person" to include any natural person, corporation, partnership, limited liability company, firm, or association. This bill would specify that, for purposes of the California Public Records Act, the Bagley-Keene Open Meeting Act, the Ralph M. Brown Act, the Legislative Open Records Act, the Administrative Procedure Act, the California Coastal Act of 1976, and CEQA, "person," "interested person," "participant," "member of the public," as applicable, and any other similar terms under each act referring to those who may engage with governmental agencies, do not include artificial intelligence, as defined, systems, autonomous agents, or robots, whether physical or digital. MEMORANDUM

TO: Board of Directors
FROM: Peter DeMarco, Water Policy Manager
DATE: July 22, 2026
SUBJECT: Orange County Advocacy Update

RECOMMENDATION

Receive and file the Orange County Advocacy Update.

STRATEGIC PLAN

Goal #7: Actively participate in regional and statewide water issues.

PRIOR BOARD ACTION/DISCUSSION

This item is provided monthly at a Mesa Water District (Mesa Water®) Board of Directors (Board) meeting.

DISCUSSION

Mesa Water's governmental relations program includes monitoring local and regional political issues and policy-setting authorities (e.g., County of Orange, Orange County Local Agency Formation Commission). Attached is the Orange County Advocacy Report. At the Board's July 22, 2026 meeting, Mesa Water staff will provide a verbal report on any actionable, relevant, and/or timely issues.

FINANCIAL IMPACT

In Fiscal Year 2027, \$396,500 is budgeted for Water Policy Support Services; no funds have been spent to date.

ATTACHMENTS

Attachment A: Orange County Advocacy Report
Attachment B: UCI-OC Poll Report

THE COUNTY OF ORANGE REPORT (JUNE 16 – JULY 14, 2026)

Prepared for Mesa Water District by Venture Strategic

COUNTY OF ORANGE UPDATES

Governance, Legal, & Accountability

Board Approves \$10.5 Billion FY 2026-27 Budget

On June 23, 2026, the Orange County Board of Supervisors approved the County's \$10.5 billion spending plan despite a \$75 million gap in the general fund that required drawing from one-time reserves. The budget includes 5% cuts across departments.

Treasurer-Tax Collector Protests Proposed Staffing Cuts

Treasurer-Tax Collector Shari Friedenrich protested budget cuts that would eliminate about 15 positions (roughly 20% of her office staff), warning that they would impair mandated functions such as property tax collection. She criticized the lack of transparency in the budget process.

DA Criticizes Rushed Budget Process

District Attorney Todd Spitzer publicly lambasted the Board for limiting public debate and department head input during budget deliberations, calling the process rushed and potentially non-compliant with open meeting laws.

KC Roestenberg Appointed Interim CEO

The Board appointed Chief Information Officer KC Roestenberg as interim CEO following Michelle Aguirre's retirement. Roestenberg will serve while the search for a permanent CEO continues.

Grand Jury Questions Accountability of Elected Officials

The Orange County Grand Jury issued a report highlighting structural limitations in holding countywide elected officials accountable for misconduct, citing multiple past cases including Assessor Claude Parrish and Treasurer-Tax Collector Shari Friedenrich. It recommended charter amendments including removal powers, performance reviews, and potential office consolidations.

OC Residents Still Trust County Government Despite Andrew Do Scandal

A new UCI/OC Poll found that 42% of Orange County residents express trust in county government. Despite the corruption scandal of former Supervisor Andrew Do, residents generally question whether county government works equally for everyone but most stop short of saying corruption is widespread. (See attached for full summary.)

Candidate Filing Period Now Open for Local Offices

The Registrar of Voters began accepting Declaration of Candidacy forms for all school and special district offices on July 13, 2026. Candidates for city offices must file with the City Clerk's office of that city. All declarations must be filed by August 7, 2026. If an incumbent who is eligible for re-election does not file by August 7, the deadline is extended to August 12, 2026, at 5:00pm.

Public Safety

DA Suspends DNA Program

The District Attorney's Office suspended the "Spit and Acquit" DNA collection program for the coming year due to budget reductions. The program had collected DNA from nearly 215,000 individuals since 2007.

Increased Police Surveillance Amid Budget Pressures

Reports indicated expanded use of surveillance tools by law enforcement agencies across Orange County as departments navigate budget constraints.

Health, Social Services, & Immigration

CalOptima Governance Bill Advances

Authored by Assemblymember Avelino Valencia (D-Anaheim), Assembly Bill 2194 was initially a County-sponsored proposal to increase transparency with the Cal Optima Health Board of Directors. It proposed to stagger the appointment terms to ensure continuity, while maintaining the current term limits imposed on the two Board of Supervisors who serve on Cal Optima. It also would have allowed access to confidential information shared in a Cal Optima Closed Session to a third member of the Board of Supervisors who serves as the Alternate Cal Optima Director.

After passing unanimously out of the Assembly, AB 2194 was amended prior to its first Senate Committee hearing on June 15, 2026, to instead remove all three members of the Board of Supervisors from Cal Optima, as well as the Board of Supervisors' authority to appoint the other Cal Optima Board of Directors. After a spirited debate during the Health Committee hearing, the bill was amended again to restore the Board of Supervisors authority, restore the staggered terms for the other Cal Optima Board of Directors, and require Cal Optima to authorize and pay for an independent external audit of its governance procedures and practices, including the roles and responsibilities of the governing body, executive leadership, and staff, among others. The bill would require the audit to be completed by July 1, 2027, and would require that a copy of the report be provided to the Legislature and made public.

Reentry Facility Concerns

Santa Ana residents and leaders raised concerns with county supervisors regarding a proposed reentry facility.

Questions Emerge Over Why OC Officials Didn't Seek Funding for Black Infant Health

Officials faced scrutiny for not pursuing renewal of funding for a program targeting Black infant health outcomes.

Concerns Raised Over County Reentry Facility Proposal

Santa Ana leaders and residents expressed opposition to a proposed county reentry facility in their city.

Which OC Cities Host the Most Addiction Treatment Centers?

An analysis showed a heavy concentration of addiction treatment centers in certain Orange County cities. Santa Ana, Anaheim, and Costa Mesa host the largest numbers, followed by significant clusters in Fullerton, Huntington Beach, and Garden Grove. The distribution raises questions about equitable access, neighborhood impacts, and whether some cities are shouldering a disproportionate share of regional services.

Infrastructure, Development, & Environment

Supervisors Earmark \$500,000 for Garden Grove Chemical Threat Impacts

The Board allocated \$500,000 to assist residents affected by the chemical emergency. The relief fund has since closed due to a high volume of applications.

Concerns Over Orange County's Landfill Expansion

Environmental concerns were raised about potential impacts of landfill expansion plans on mountain lion habitat and corridors.

Dana Point Harbor Redevelopment Approval Delays

The proposed new hotel and surf lodge project at Dana Point Harbor was declared potentially dead by the developer following approval delays with the Board of Supervisors.

State Greenlights OC Veterans Cemetery Construction

The state approved construction of the Orange County Veterans Cemetery at Gypsum Canyon ahead of Independence Day.

COSTA MESA AND NEWPORT BEACH UPDATES

Costa Mesa Considers Homebuyer Program Funded by Cannabis Tax

Costa Mesa is considering a two-year pilot homebuyer assistance program using cannabis tax revenue to provide grants or loans of \$25,000–\$35,000 to eligible first-time buyers who are current or former Newport-Mesa Unified School District residents or graduates.

Costa Mesa Ends Free Rides for Seniors

Costa Mesa ended free senior transit rides due to rising demand and costs.

Progress on Renovations to Costa Mesa's Tewinkle Park Lakes

Renovations to the beloved Tewinkle Park lakes in Costa Mesa continued to advance.

Anduril Headquarters for Sale

Anduril's headquarters in Costa Mesa was listed for sale amid booming California defense tech activity.

Newport Beach Turns to Huntington Beach for Shelter Beds

Newport Beach ended its agreement with Costa Mesa's Bridge Center and partnered with Huntington Beach's Navigation Center for 10 dedicated shelter beds, resulting in substantial cost savings.

Newport Beach Assessing Chaotic July 4th Celebration

Newport Beach officials are considering stricter laws following a chaotic July 4th event that resulted in hundreds of arrests. Data showed a significant portion of those arrested during Newport Beach's July 4th chaos came from Arizona.

THE TAKEAWAYS

Residents trust local institutions, but confidence declines the farther government is from daily life.

Trust in government depends heavily on which institution residents are asked about. Six in 10 residents (60%) say they trust their local police department always or most of the time, and a majority (52%) say the same about local community organizations. Confidence declines for county and city government, where roughly 4 in 10 residents express that level of trust — 42% for county government and 40% for city government. The federal government, often viewed as the most distant level of government, earns the lowest trust of any institution tested at 25%.

These results continue a pattern seen in previous UCI-OC Poll findings: residents are consistently more positive about institutions they encounter directly. Trust falls steadily as government becomes more removed from daily life.

Residents differ significantly by partisan identity, except in their trust of county and city governments.

Similar to previous findings from the UC-OC Poll, Democrats, Republicans and Independents differ significantly in their trust of institutions. Whereas 43% of Republicans in Orange County trust in the federal government, only 16% of Democrats and 20% of Independents do. Conversely, 69% of Democrats trust community organizations compared to 38% of Republicans and 48% of Independents.

However, residents' views of local governments are different. On trust in city governments, Republicans (48%) and Democrats (38%) are within 10 points of each other — a modest gap by the standards of this survey. On county government, the gap is about the same.

Independents stand out across local institutions as the most consistently skeptical group, with trust in county government at just 32% — lower than either Democrats or Republicans. In a county where Independents make up more than a third of residents, that persistent skepticism is a significant part of the civic landscape.

A majority say county government works for the few, not the many — and on this, party differences nearly disappear.

Beneath even the modest partisan differences on local trust lies a more broadly shared concern. Half of Orange County residents (50%) say county government is run by a few big interests looking out for themselves, compared with just 23% who say it works for the benefit of all people. This skepticism is shared across party lines almost entirely: Republicans (51%), Democrats (47%), and Independents (53%) land within a few points of each other.

Age matters more than party here. Millennials are the most likely to say government serves big interests (57%), while Gen X (49%) and Boomer (48%) residents are somewhat less likely to share that view. Surprisingly, those youngest residents — those ages 18-29 — are the least likely (45%) to say the county government is run by a few big interests.

This pattern echoes what LMU's StudyLA found in Los Angeles, where nearly 80% of registered voters said county leaders were more connected to big money interests than to regular people. Orange County's numbers are less dramatic but point in the same direction — a concern that cuts clearly across the county's partisan divide.

Who is Orange County Run For?

Despite a recent high-profile corruption case, most residents do not see corruption as widespread throughout county government.

Following a federal corruption case involving a former Orange County Supervisor, residents were asked how widespread they believe corruption is in county government. Their answers show concern, but not a broad loss of confidence in the institution. Thirty-six percent say all, most, or about half of the people running Orange County government are corrupt. By contrast,

nearly two-thirds of residents do not go that far: 36% say only a few officials or none are corrupt, while 28% say they are unsure.

Views of corruption also do not follow the same partisan patterns seen on many national issues. Independents are the most skeptical, with 42% saying at least half of county officials are corrupt, compared with 37% of Republicans and 30% of Democrats. At the same time, even among Independents, a majority either believes corruption is limited or says they do not know.

The findings underscore a distinction running throughout the survey: Orange County residents question whether county government works equally for everyone, but most stop short of saying corruption is widespread.

Residents support a larger Board of Supervisors and elected County Executive, but many are undecided — and OC's appetite for reform falls well short of LA's.

Orange County residents are open to changing the structure of county government. Asked about expanding the Board of Supervisors and creating an elected County Executive, 47% support the proposal and 26% oppose it. But 27% say they are not sure — among the largest undecided shares on any question in this survey — suggesting the idea has not yet registered as an urgent need for many residents.

The contrast with Los Angeles is striking. In the LMU StudyLA survey, 88% of voters supported expanding the Board of Supervisors, a proposal they later approved through Measure G. While dissatisfaction in Los Angeles translated into overwhelming support for structural change, Orange County residents remain somewhere in between: concerned about how county government operates, but not yet united behind a specific reform. For that matter, there are significant partisan differences in the appetite for change in Orange County, with Democrats strongly (59%) supportive compared to Republicans (44%) and Independents (40%). Notably, opposition fails to register above 35% regardless of partisan identification.

Expanding the Board of Supervisors and Creating an Elected County Executive

Younger residents are more skeptical of traditional institutions but not disconnected from civic life.

Age is one of the strongest predictors of trust in local institutions, with differences especially pronounced on policing. Nearly 8 in 10 Boomer and Silent Generation residents (79%) trust their local police department always or most of the time. That figure falls to 64% among Gen X, 48% among Millennials, and 47% among Gen Z — a 32-point gap between the oldest and youngest cohorts. A similar gradient holds for county government, where trust runs from 52% among Boomers down to 31% among Gen Z.

Younger residents have not disengaged from local civic life entirely, however. Gen Z residents trust local community organizations at 59%, higher than the county average of 52% and higher than any other age group. Thus, the picture is not one of blanket distrust. It reflects a generational difference in which younger residents are more skeptical of government and law enforcement while maintaining greater confidence in grassroots community organizations.

Racial and ethnic groups differ in their trust of local policing. They largely converge, though, on county government.

Race and ethnicity shape trust in some institutions more than others. The widest differences appear on policing: 70% of White residents trust their local police department always or most of the time, compared with 61% of Asian American residents and 47% of Latino residents — a 23-point gap between the highest and lowest groups.

Those differences narrow sharply on local government. Trust in county government is relatively similar among White (45%), Latino (40%), and Asian American (44%) residents. On whether county government serves powerful interests over ordinary people, the groups converge almost entirely — roughly half of White, Latino, and Asian American residents share that concern, with differences of just a few percentage points.

The divide on policing is real and significant. On the broader question of government accountability, Orange County's racial and ethnic communities are telling much the same story.

Trust and Views on Government by Race/Ethnicity
